Celebrating Black History Month

Feb. 18th -Feb. 23rd, 2019

"It's amazing what you can accomplish if you don't care who gets the credit" -Harry S. Truman

Quarterly Behavioral Data Report

Check out the attachment of our "Quarterly Behavior Data Report" to this week's "Broad Viewpoint." It shows that the largest number of referrals, for our school, occurs around 8AM-before school, in the hallways, and from 11-12 (lunch time). The "before school" duration suggests that more stringent (closer) supervision is needed before school. It alludes to the fact that we must be at our assigned post, on time, actively monitoring students and setting a positive tone for the day. The data also shows that a large number of written referrals are from repeat infractors in certain grade levels.

Week in Review
