Today's Computer Science Hero is Micheal Yra. Here is a little about him.

Micheal Yra is using his digital design skills to create a library of designs that are etched into the very jeans that you wear. This approach speeds up production and creates a more consistent and sustainable approach to creating fashion.

Now let's see what Nayasa has to tell us about today's weather and lunch.

The Latinos in Action Toy drive has been extended until Monday. Now let's take a look at their message.
