

*---Beginning---*

Gooooood Morning SILVER TRAIL! This is Mathais coming to you from the WSTM Live studio! Today is Wednesday, February 26th, 2020.

---

Good Morning! This is Gideon with your announcements for today. The affirmation for today is: I have the courage to share my true feelings and opinions.

---

Students, please make sure your ID's are on and visible at this time. Teachers, our administration is asking that you please do a quick classroom check.

---

Our science question for today is what is the movement of tectonic plates described as? Is it A. Convergent -move towards each other, B. Divergent - move apart, C. Transform - move side-by-side, or D. All of the above (wait 5 seconds). The answer is D. All of the choices describe the ways plates can move. Convergent movement happens when plates move towards each other. Divergent movement describes plates that move apart. Transform movement describes plates that move in a side-by-side direction.

---

Our Black History Month focus for today will be on Katherine Johnson (NASA Mathematician).

---

From Mr. Bukstel, there will be no Chess Club meeting this week. The next meeting will be Wednesday, March 4th at 8:20 AM. Additionally, those Chess Club members participating in the Chess Tournament can pick up permission slips from Mr. Bukstel in room 188.

---

From Mr. Stewart, Math Club is cancelled for today. We will meet again next Wednesday, March 4th. We repeat...

---

From Mrs. Davis, There will be no girls Flag Football practice today. We repeat...

---

From Mrs. Cannady- Attention all Builders Club Members, we will meet today February 26 from 3:45 to 4:30 p.m. in room 119 for our next service meeting to make dog toys.

---

That's it for today: Have a Wacky Wednesday Silver Trail!
