

SAFETY IS OUR #1 PRIORITY

PLANTATION PARK ELEMENTARY

AUGUST '18

School Resource Officer

Safety continues to be a commitment from both Broward County Public Schools and the City of Plantation. We will be assigned a full time SRO to our school this year! Stay tuned for more information soon!

SINGLE POINT ENTRY

All visitors **MUST** have a valid photo ID and go through the STAR system in the front office to enter the school. Badges must be worn at all times during school hours.

PERIMETER GATES

Perimeter gates will continue to be locked during the school day. They will be opened during arrival and dismissal. Please make sure your child(ren) arrive and are picked up on time. Patterns of tardiness and early pick-up will be monitored.

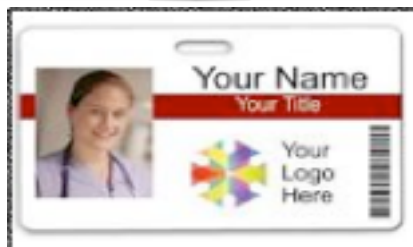

Monthly Safety Drills

In order to comply with Senate Bill 7026, we will be having monthly Code Yellow/Red Drills. These drills are designed for students to practice in the event there is a potential threat of an intruder on campus. We will also continue to have our monthly Fire Drills and Tornado Drills twice a year. We will communicate via Parent Link when such drills have taken place.

SAEFTY UPGRADES

Phase One of our video surveillance project is complete. Phase Two is in progress. We will be receiving additional cameras to be placed throughout our campus.

IDENTIFICATION BADGES

All students, staff, and visitors **MUST** wear identification badges. All students will receive temporary badges until their permanent badge arrives after Fall Picture Day on August 23, 2018.

ONLINE FORMS

Make sure you complete all online back to school forms. It is vital that we have current emergency contact information. Please sign and return the confirmation page to your child's teacher ASAP!
