

# SAFETY IS OUR #1 PRIORITY

**PLANTATION PARK ELEMENTARY**

**8.8.19**

## School Resource Officer

Safety continues to be a commitment from both Broward County Public Schools and the City of Plantation. PPE welcomes Captain Gallagnani! Officer Bill went back to road patrol.

## SINGLE POINT ENTRY

All visitors **MUST** have a valid photo ID and go through the STAR system in the front office to enter the school. Badges must be worn at all times during school hours.

## PERIMETER GATES

Perimeter gates will continue to be locked during the school day. They will be opened during arrival and dismissal. Please make sure your child(ren) arrive and are picked up on time. Patterns of tardiness and early pick-up will be monitored. **Students are permitted on campus at 7:25am to eat breakfast. Not earlier!**

## Monthly Safety Drills

In order to comply with Senate Bill 7026, we will be having monthly Code Yellow/Red Drills. These drills are designed for students to practice in the event there is a potential threat of an intruder on campus. We will also continue to have our monthly Fire Drills and Tornado Drills twice a year. We will communicate via Parent Link when such drills have taken place. If you have any questions, please call the school!

### SAFETY UPGRADES

We have recently added additional video surveillance cameras and window shades. Stay tuned for more updates thanks to the \$100,000 School Choice vote from Spring 2019.

### IDENTIFICATION BADGES

All students, staff, and visitors **MUST** wear identification badges. All students will receive temporary badges until their permanent badge arrives after Fall Picture Day on August 22, 2019.

### ONLINE FORMS

Make sure you complete all online back to school forms. It is vital that we have current emergency contact information. Please sign and return the confirmation page to your child's teacher ASAP!
