Welcome to the New Year!!!!

We are excited to welcome you back to Westpine Middle School for the 2019-2020 school year. We thank our incredible facilities crew for thoroughly cleaning this entire campus from top to bottom. This place looks brand new! This year we remained a "C" school again, but our success as a team cannot be summed up to one letter. I am proud to lead and work alongside each and everyone one you. As always, I still believe that we have achieved our #1 goal, providing the best school experience to our children every day. Our students are provided outstanding academic programs and enriching electives, sports, and clubs to educate the "whole child."

As we strive to continually improve on all aspects of our school, we have much to celebrate. We have created a solid foundation with the intent of shaping a student centered environment, we have opened new avenues for our students to pursue personal interests, and we have a positive school culture which supports all stakeholders. We will continue to push our students toward college and career readiness by providing rigorous instructional strategies and activities.
