MEDIA ADVISORY – SAFERWATCH APP

School safety is a top priority for the Broward Sheriff's Office. BSO is hosting a news conference tomorrow morning to announce the launch of a new mobile app that will be utilized to help safeguard our schools and allow users to communicate directly with investigators.

The SaferWatch App gives students, parents and school staff an avenue to send text, photo, video and audio tips about possible school threats to BSO investigators.

10:30 a.m., Tuesday, August 21, 2018
Public Safety Building
2601 W. Broward Blvd., Fort Lauderdale

IF YOU SEE SOMETHING, SEND SOMETHING

School safety is BSO's top priority.
But we need your help.

Bullying, perceived threats, suspicious activity - the SaferWatch App gives you the power to record or report non-emergency incidents as they happen in the hallways, classrooms or courtyards of your school. Students, parents and teachers now have the ability to communicate with law enforcement seamlessly on a secure network.
