

IRMS INCLUSION WEEK 2019

School Wide Kindness Chain

Students throughout the school participated in a Kindness Chain activity throughout the week. Students were asked what kindness looked like toward other people.

Once the chains were completed, each class linked them together in the main hall to form one community of kindness at IRMS.

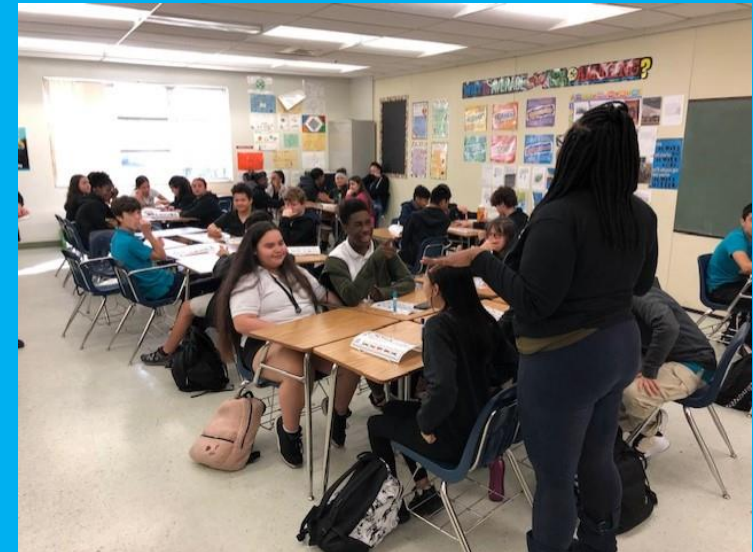

Inclusion Garden

This year our SVE students worked with Ms. Enders's Class in a vegetable garden. The students planted seeds, fruits and vegetables like strawberries, tomatoes, and peppers.

Zones Bingo

Ms. Bullard's class and Mr. Laury's class played Zones of Regulations Bingo. Zones of Regulation is a curriculum that teaches students strategies to regulate emotions in everyday situations. Ms. Bullard's class assisted in identifying different emotions or zones a student might feel during several scenarios.

Coffee Kick Off

The SVE Classes have partnered with Ms. Vincent's Math Class to provide teachers with coffee on Friday mornings. The students in SVE work with Ms. Vincent's class on money skills, cashier skills, and stocking skills.
