

Mr. Meneses - Summer work for AP-Physics C

1- Watch the online Physics Lessons:

Got to www.ilectureonline.com; Physics, Mechanics, Chapter 1- Vectors

Watch the Lectures: 1,2,3,4,5,7 about Vectors

Make a short Summary of each Lecture.

2- In the same www.ilectureonline.com watch as much as you want about the Chapters and Lectures for Calculus. Try to cover the basics lectures about derivatives and integration.

Make notes for the lectures you decided to watch.

If you have any Question about this Summer work e-mail me at:

Arzenio.meneses@browardschools.com

Good luck and welcome to my AP-Physics C class
