

Glades Middle School

Summer Learning Opportunities

Learning Never Stops

We have exciting news! The Language Arts, Social Studies, Science, Cougars 180, and Math teams have gotten together to create summer courses for your child to independently work on over the summer. This will not be a course that the teachers will be monitoring on a daily or weekly basis. It is a course designed with resources that will assist with keeping your child on track for the next school year. You will find the links for your child to self-enroll in their preferred course(s) by department/grade-level/course type below. The Language Arts, Social Studies, Science, and Math courses are 4 weeks in length and the Cougars 180 Camp is 6 weeks in length.
