CCES Newsletter

Issue No. | October 2023

A note from Administration:

Dear Coconut Creek Elementary Parents and Families,
We hope this newsletter finds you well and your children settled into the school year. We want to take a moment to express our gratitude for your ongoing support and flexibility as we navigate through some necessary changes due to budget constraints. Your understanding and cooperation have been greatly appreciated. We have a few exciting events coming up this month. Our first PAW Party was on October 6th. All students were invited to attend to celebrate completing all the beginning of the year assessments. Our next PAW Party will be on November 17th. Students will be invited to attend based on specific criteria. Students must complete 30 minutes of iReady Reading and Math each week and pass 2

lessons per week by November 16th to attend the PAW party.

Join us for some spooky fun at our PTA's Monster Mash Dance on October 20th from 6:30 p.m. to 8 p.m. Please mark your calendars for an early release day on October 23rd. Students will be dismissed at 12:30 p.m. The following day, October 24th, is our staff's professional development day so there will be no school. We hope students enjoy a well-deserved day off!

Thank you for entrusting us with your child's education. Wishing you all a fantastic October filled with fun, learning, and memorable moments. If you have any questions or concerns, please don't hesitate to reach out to us.

Sincerely,

Dr. Miron & Ms. Futscher

Calendar of Events for October

October 16th - 27th	KG Swim Central
October 18th	Fall Pictures
October 19th	Classroom Spelling Bee Contests
October 20th	Monster Mash Dance (6:30 pm) (see flyer)
October 21st	CCES School-wide Garden Beautification Project (see flyer)
October 23rd	Early Release (Students are released at 12:30)
October 24th	No School - Teacher Planning
October 25th	School Advisory Council meeting (2:40)
October 27th	5th Grade Field Trip to BizTown
October 30th	Grades 3-5 Unit 2 Reading Assessment
October 31st	Grades 3-5 Unit 2 Writing Assessment
November 6th	K-2 Unit 2 Reading Assessment
November 7th	Employee Day (No school for students)
November 8th	K-2 Unit 2 Writing Assessment
November 10th	No School
November 13th - 17th	Scholastic Book Fair
November 14th	Report Cards Issued
November 15th	ELA BLAST Night (6:00 pm)

News from the Front Office

Bus Transportation: Register to Ride

If you are a bus rider, you must register at:
<https://www.browardschools.com/register2ride>

Attendance

Attendance matters at Coconut Creek Elementary. Regular attendance is a key factor in a child's academic success. Regular attendance is when a student attends more than 95% of the academic school year; this may include up to 8 absences in a 180-day school year. Please use the school calendar that all vacations are planned around school days. We understand that exceptions may arise, but attendance is key to strong student success, and we appreciate your partnership!

Item Drop Policy

Please be aware of our “item” drop-off policy for the 2023/2024 school year. We will accept items up until 9:30 AM daily. Items may include lunches, water bottles, snacks, projects, homework, etc. This policy was established to minimize the disruptions to our academic day and ensure extra safety on campus. We thank you in advance for your cooperation. If you have any questions, please contact Dr. Miron.

Entering the Front Office

When visiting Coconut Creek Elementary, ALL VISITORS AND GUESTS MUST SHOW THEIR ID to the camera before entering the front office.

Step 1: Press the doorbell to the left of the office door.

Step 2: Hold your identification 3 or 4 inches away from the domed camera.

Step 3: Wait to be buzzed into the office.

Step 4: YOU DID IT!

Student Birthday Policy

In order to honor instructional time, birthday celebrations are not permitted. Parents may drop off cupcakes and drinks to the front office. The front office will contact the teacher upon arrival. We appreciate your cooperation.

Volunteer Application

If you are interested in volunteering, please be sure you have registered on the following website. This application must be completed every year.

<https://www.browardschools.com/volunteer>

Safety Updates:

See Something, Say Something - Submit a tip easily via our anonymous **FortifyFL** app. Provide as much detail as you can including names of people involved, physical descriptions, school name, social media handles, etc. Download the app or visit <https://www.getfortifyfl.com/> for more information.

Broward Schools has transitioned to the Plain Language Emergency protocol. This language will be used to conduct our monthly safety drills and in the event of an emergency.

SaferWatch is a web-based and mobile app system that allows users to report an incident as they see it happening or submit a tip later. It also provides real-time communication during a situation. Visit <https://www.saferwatchapp.com/> for more information.

Cafeteria News:

Our cafeteria sells additional items during lunchtime. Ice Cream sales occur on Wednesdays only and are sold for \$1 each. A la carte items are also available such as milk, water, chips, and Rice Krispy Treats every day. Students can also pay a small amount of additional money to double the amount of the main entree.

Parents, please add money to your student's lunch account, so the lunch line moves in a timely manner. Funds can be added by going to www.myschoolapps.com. Cash is also accepted but it definitely is more convenient to place it on their account.

To view this month's breakfast and lunch menus just click below:

Welcome to the School Counselor's Corner

October Kids of Character: **Responsibility**

Your child's belief in his or her ability to learn has a greater impact on academic success than his or her intelligence. Helping children develop a growth mindset positions them on a path to success. We are learning about the importance of curiosity to help our brains grow and learn.

We are learning that it's smart to ask questions and that we should not feel embarrassed to ask questions because it helps us learn more. We are also learning that we can learn a lot through reading, playing, watching, and listening to others.

Here are some activities that you can do with your child at home to help with Growth Mindset:

1. *Have your child interview you about your job/career. Record the interview and let your child listen to it. Later, ask your child what he or she learned about your job/career.*
2. *Take your child to a zoo or museum and encourage him or her to ask questions of the people working there. Talk about what your child learned afterwards.*
3. *Do a book club with your child where you both read the same book. Each day, take turns asking each other questions and discussing the book.*

Be patient and answer your child's questions. Children sometimes stop asking questions because they feel like it makes them not look smart. The opposite is true – smart people ask questions so encourage your child to ask away!

Life Skills & Wellness Resources: At Home Connection

ReThink Ed is a fully digital, K-12, tiered curriculum that provides a tailored approach to self-awareness, self-management, responsible decision-making, resiliency, and relationship skills.

- Accessible in Clever for students and teachers
- Facilitates a Data-Driven Student Survey to support life skills and wellness
- Accessible to parents for free
- On-demand video-based wellness hurdles for adult learners

Sincerely,

Mrs. Laura Taliaferro "Mrs. T"
School Counselor

Individuals with disabilities requesting accommodations under the Americans with Disabilities Act Amendments Act of 2008, (ADAAA) may call Equal Educational Opportunities/ADA Compliance Department at 754-321-2150 or email eeo@browardschools.com.

CCES PTA News

Calling all parents, guardians, grandparents, aunts, uncles, community members, friends, and more to join our PTA today! Anyone can be a member for only \$5! By becoming a member, you will receive all our important updates and correspondence. Being united in our membership strengthens our collective voice and empowers us to accomplish more together. Rest assured, membership does not obligate you to volunteer or attend meetings – your support in itself is immensely valuable. Please go to our website at <https://ccespta.memberhub.com/store> and become a member today!!!

CCES PTA is participating in the Autonation Orange Bowl Basketball Classic this year. Please see the attached flyer that went home with your student. It's a premier college hoop doubleheader featuring the Florida State Seminoles and Florida Gators. CCES will receive \$5 from every ticket sold. The games take place on December 9, 2023. This is a great time to get your family together and come out to support your school!

Our beloved Boo Grams will be sold for \$1 from October 23rd to the 30th, and delivered to the students on Halloween! These can be purchased by anyone and everyone. Send one to your student, their friends, teachers, administration, or just someone special in your life! If you have any questions please contact us at creekpta@yahoo.com

Calling all Goblins and Ghouls, PTA is throwing a Monster Mash next Friday, October 20th at 6:30pm. Wear your most epic costume (no masks or costume weapons allowed). Preorder your tickets at creekpta.memberhub.com/store for only \$10 per child! Please see the attached flyer for more information. We hope to see you there!

Our annual Fall Catalog Fundraiser will run from October 16th to November 3rd. The catalogs and prize information will go home next week with your student, so be on the lookout!

Pre-order your 2023-2024 yearbook now and get 10% off!!! Go to www.treering.com/validate and enter our school's passcode: 1016788163051796. The sale runs until October 31st. Please see the attached flyer for more information.

Our Cougar Cub Spirit shirts are sold online for only \$12! These shirts can be worn every Friday with jeans. The orders are fulfilled daily and delivered to your student's classroom. Please visit our website at <https://ccespta.memberhub.com/store> and get yours today.

If you have any questions regarding the upcoming events and/or would like to volunteer with the PTA, please contact us at creekpta@yahoo.com.

Regards,

Alexandra Lindholm
CCES PTA President

MATH

Fall has arrived and we are "falling" into our groove with mathematics instruction at CCES! Teachers have guided students through topics 1-3 at this point, and students will be taking their Cumulative Topics 1-3 assessment at the beginning of this month. Your student's teacher will share with you directly regarding your student's specific testing date. We are excited to review this data and see all the content that our students have learned during the first two months of school. A handful of our teachers participated in professional development to dive deep into the implementation (the "how to") process of our math curriculum, Savvas Realize.

With this new information and lots of practical ideas, I know our math instruction school-wide will benefit from these innovative ideas. We will be working with our beginning-of-the-year data from Savvas Realize, FAST PM1(STAR math), and iReady to create a path forward recognizing individual needs in order to provide quality math instruction for each of our students. We appreciate your support in math and hope to build a powerful partnership with our families this year!

Ideas for supporting math at home:

- (1) Grocery shop—give them a little list and let them "budget" how much money is needed for their purchase or allow them to count how many items you purchased as each item is placed on the conveyor belt at check out.*
- (2) Cook Together—Follow a recipe card or picture cues and instructions printed on the back of various food items. Let them measure, double a recipe, set the timer, figure out how long dinner will take to prep, etc.*
- (3) Traffic Light Race—Build fact fluency (addition/subtraction or multiplication/division) with a set of flashcards in the car. See how many facts your student can get right before the light turns green.*

A little math joke: What did the square say to the circle?
You're pointless! 😊

Jessica Johnston, Math Coach

READING

LITERACY NOOK WITH MICHELE ROTHACKER

We are working hard, learning so much and having fun as we work on our literacy skills. Unit 1 of Benchmark Advance has focused on the topic of Life Science. All grade levels will be taking their first Unit Assessment within the next week or so. Unit 2 of Benchmark Advance topic is Character Matters. We will focus on book characters, how they change and how they respond to certain actions.

As mentioned last month, our school is engaged in the Science of Reading. Following are the components we are focusing on with a brief description.

Oral Language:

The spoken language used to express knowledge, ideas, and feelings. We encourage you to ask questions of your child where they need to give more than a yes or no answer. 😊

Phonological Awareness:

The ability to manipulate phonemes within words by isolating sounds and blending them. Say a word like “bat” and ask your child what letter it starts with, what sound it starts with, and what is a word that rhymes with it.

Phonics:

The relationship between phonemes and printed letters and the use of this knowledge to read and spell.

Vocabulary:

The knowledge of words and their meanings.

Writing:

The ability to communicate knowledge, ideas, and feelings in written form.

Comprehension:

The ability to extract and construct meaning from text.

SOCIAL STUDIES

October

This month is when we highlight and celebrate Hispanic Heritage Month. Our teachers have already begun and will continue to showcase and engage students in meaningful, collaborative learning experiences for Hispanic Heritage Month which runs through October 15th. It is our desire that our students learn the numerous, important impacts of Hispanic Americans and how they've contributed to the success of our state and country!

We are striving to build an awareness, appreciation, and culture at CCES that celebrates the beauty of inclusion and diversity! If you have any items (clothing, pictures, arts & crafts, instruments, etc.) that could add real-world context to this month's social studies emphasized topics, please contact your student's teacher directly to set up a day your student could do a "show and tell" style presentation during their social studies instruction time. We want social studies to be a dynamic part of our academic instruction!

Jessica Johnston, Social Studies Contact

KINDERGARTEN & FIRST GRADE

KINDERGARTEN

The Kindergarteners are off to an amazing start! Our students have settled in nicely and seem very happy with their first experiences at CCES. Friendships are being formed, and social skills such as turn-talking and being kind to others are continuously worked on throughout the school day. The students are working hard to grow into strong readers, thinkers, and problem solvers. We have been discovering all about how plants and animals have different needs to stay alive. In October, we will continue to gather knowledge about this topic while digging deeper by learning about pumpkins and bats. In Math, we have been practicing representing, counting, and writing numbers up to 10. We've also been able to explore and work on our math skills through iReady.

Our Swim Central Water Safety Lessons will also take place in October.

Please remember to read for 20 minutes nightly!

The Kindergarten Team

FIRST GRADE

Well, the season is finally autumn. I'm sure we are all looking forward to some cooler weather. The first-grade students will be learning about many kinds of characters in stories. So far, we have enjoyed reading about how plants and animals grow and change. We will be observing that plants and animals closely resemble their parents. The students will also be learning the characteristics of being a responsible citizen in the school community

The First Grade Team

SECOND GRADE & THIRD GRADE

SECOND GRADE

Learning is in full swing in 2nd grade. Students have been learning spelling patterns and high frequency words to help them read with accuracy and fluency. Reading daily with your child will improve these skills. We have been learning Central Idea and Details in nonfiction texts and Story Elements in fiction texts. Students can practice retelling or summarizing what they read, which can help with comprehension. In Math, students are using their knowledge of adding and subtracting fluently to build a foundation for multiplication. We are starting to learn about adding and subtracting up to 100. Students will be bringing practice pages home to learn different strategies to find sums and differences. Our partnership is important to help your child succeed. If you have any questions/concerns, please contact your child's teacher. Thank you for your continued support!

The Second Grade Team

THIRD GRADE

Greetings from the Third Grade Team,

We are working on: Topic 4 in Math, Understanding Multiplication and Division of Whole numbers. Unit 2, in ELA, Ways Characters Shape Stories. Our Essential Question is: **How do our actions influence our lives?** In Science, Plant Structures and Functions, and in Social Studies, Places and Regions.

Your partnership is vital to your child's success. Supporting our students with homework, reading 20 minutes every day, learning multiplication facts, and, practicing reading and math strategies, will assist them in becoming proficient learners.

Thanks for partnering with us,

Your Third Grade Team

FOURTH GRADE & FIFTH GRADE

FOURTH GRADE

Hello, fourth grade CCE Families!

Here's what we're working on this month.

Reading: We will focus on the actions and reactions of characters that influence a story's plot and other characters.

Writing: Students will work on opinion writing and writing a four-paragraph essay.

Math: We are currently working on Topic 4, which covers multiplying two digits by two digits numbers and estimating.

Science: Students will learn to classify matter by their physical properties and measure mass and volume.

Social studies: We will learn about Florida's first permanent colony and pioneer life in Florida.

The Fourth Grade Team

FIFTH GRADE

Hello Fifth Grade Parents/Guardians,
For the month of October, our students will continue working in our reading series - Advance. We are working on "Developing Character Relationships." We will be incorporating reading/writing, science, and social studies topics in our reading series.

Students can work on reading skills by working on iReady lessons at home a few times a week for 15-20 minutes. Continue to work on multiplication tables daily as we are now working on multi-digit multiplication using partial products and a standard algorithm. Iready Math lessons can also be completed as well to work on specific math skills.

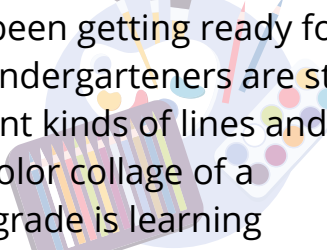

Our first field trip this year will be to The Parker to see "Doktor Kaboom" on October 17 for science enrichment. On October 27, we will be going to Broward College to JABiztown. Students are working on financial literacy, career preparation, and business management for this special field trip. Please check planners and take-home folders daily for important information. Please make sure your student has a water bottle and headphones daily at school. Thank you for your continued support!

The Fifth Grade Team

Art, PE, & Science News

Art

Our CCE artists have been getting ready for the fall season. The Kindergarteners are still learning about different kinds of lines and they created a watercolor collage of a happy monster. First grade is learning about symmetry, and making a pumpkin collage. Second through fourth grades are using glue resist to create pumpkins and spiderwebs. Fifth grade is creating scary eyes by using watercolors and oil pastels. They are really using their creative imaginations! Maybe with all the fall artwork, we may see a shift in the weather!

I hope! Happy Fall y'all! 🍁🍁🍁🍁

P.E.

Students are working on coordination, balancing activities, basketball drills, and the introduction of Floorball this quarter.

Three-quarters of the school have learned about Swim Safety. I have just a few classes left. At any time, please ask your students what they did in P.E. today.

If anyone ever has any questions regarding PE, please don't hesitate to reach out to Coach Kenney.

Science

Children in all grades started learning about forces and motion at age-appropriate levels. Your child should be able to tell you that motion requires a force, and that all forces are pushes or pulls. Examples of forces they should be familiar with are gravity and friction.

It looks like we've been approved for a FREE in-house field trip for each grade from the Museum of Discovery and Science STEMobile in the spring, with a likely addition of an inflatable planetarium from that museum coming to us as another FREE in-house field trip.

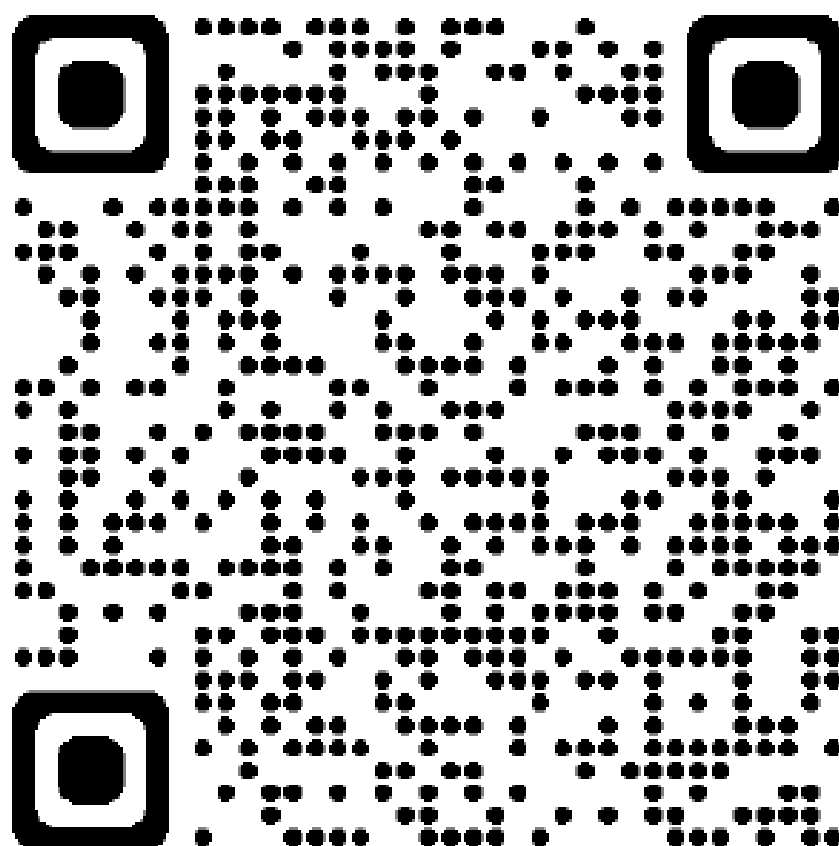

Please direct any questions to Simone Ryals

Coconut Creek Elementary School

Back to School Forms:

We're here to help you complete the back-to-school forms required for your child. The wizard makes the process easy. Let's get started.

Coconut Creek Elementary School and Florida Textile Recycling Programs® have partnered to collect and recycle old clothing, shoes, and textiles!

So, please do not throw them away!

Just place the items in the white recycling bin in our parking lot.

Every pound of recycled items supports our school!

Below is a list of items that can be placed in our bin:

Clothing: pants, jeans, skirts, dresses, suits, shorts, shirts, tees, tanks

Footwear: shoes, boots, heels, sneakers, sandals, socks, tights

Undergarments: bras, underwear, slips, camisoles

Accessories: hats, belts, ties, scarves, headbands

Handbags: wallets, totes, luggage, backpacks, briefcases

Linens: towels, sheets, comforters, blankets, tablecloths

As you clean out the old and bring in the new, you can help the environment and Coconut Creek Elementary too!

Proceeds will benefit our Eco-Ranger Club

PARENTS!

WE WANT YOU!

Join the Coconut Creek Elementary
School Advisory Council and School Advisory Forum

**All are welcome! Please arrive by
2:35 pm to check-in with the front
office.**

School Advisory Council (SAC)

The School Advisory Council is a school-based group representing the school, the community, and those closest to the students. The group shares responsibility for guiding the school towards continuous improvement. The School Advisory Council is responsible for final decision-making at the school relating to the provisions of the annual School Improvement Plan (SIP).

School Advisory Forum (SAF)

The goal of the School Advisory Forum is to improve the education experience through advocacy, communication, and partnerships between Parents, Schools, and the Broward County School District. The School Advisory Forum meets throughout the school year, often after our School Advisory Council meetings, and representatives attend the district North Area Advisory Council meetings. The topics discussed are often district-wide initiatives, such as school safety, student well-being, calendars, and community issues

Future School Advisory Council Dates:

Tuesday, September 26th @ 2:40pm
Wednesday, October 25th @ 2:40pm
Tuesday, November 28th @ 2:40pm
Tuesday, December 19th @ 2:40pm

Tuesday, January 23rd @ 2:40pm
Tuesday, February 27th @ 2:40pm
Tuesday, March 19th @ 2:40pm
Tuesday, April 23rd @ 2:40pm
Tuesday, May 28th @ 2:40pm

October 5, 2023

Dear Parent or Guardian and Caregivers,

The Food and Nutrition Service Department is providing all students with free breakfast and lunch under the Universal Free Breakfast Program and Universal Free Lunch Program Pilot for the 2023-2024 school year.

As this is a Program Pilot, it is vital that households continue to apply online at www.myschoolapps.com to secure the Universal Free Lunch Program Pilot for the next school year along with additional district opportunities.

To qualify for additional programs, complete the free and Reduced-Price Meal application along with the Disclosure Form.

Second Meals will be charged at the adult meal price of \$4.75.

Parents, Guardians, and Caregivers are encouraged to create an account for each student through My School Bucks at www.myschoolbucks.com for the purchase of a la carte items.

For more information on Meal Benefits contact Food and Nutrition Services at 754-321-0250

For further assistance, please contact us at 754-322-5800.

Sincerely,

Dr. Bree Miron, Principal
