# What is Canvas?

Canvas is a Learning Management System, or LMS, and is often described as, "a way to simplify teaching and learning by connecting all the digital tools teachers and students use in one easy place".

With Canvas, students can:

- receive course announcements
- manage upcoming assignments for all courses in one calendar
- submit assignments
- take quizzes
- receive feedback about course work
- communicate with teachers (and other students)
- and much, much more!

Students can access Canvas through their [Single-Sign-On Clever Launch Pad](#), but teachers need to publish courses and content before students can participate and interact with them.

# **Five Steps to Getting Ready for eLearning Broward County Public Schools Parent Guide**

# 1. How does your child get to school?

Step 1 – go to <https://sso.browardschools.com>

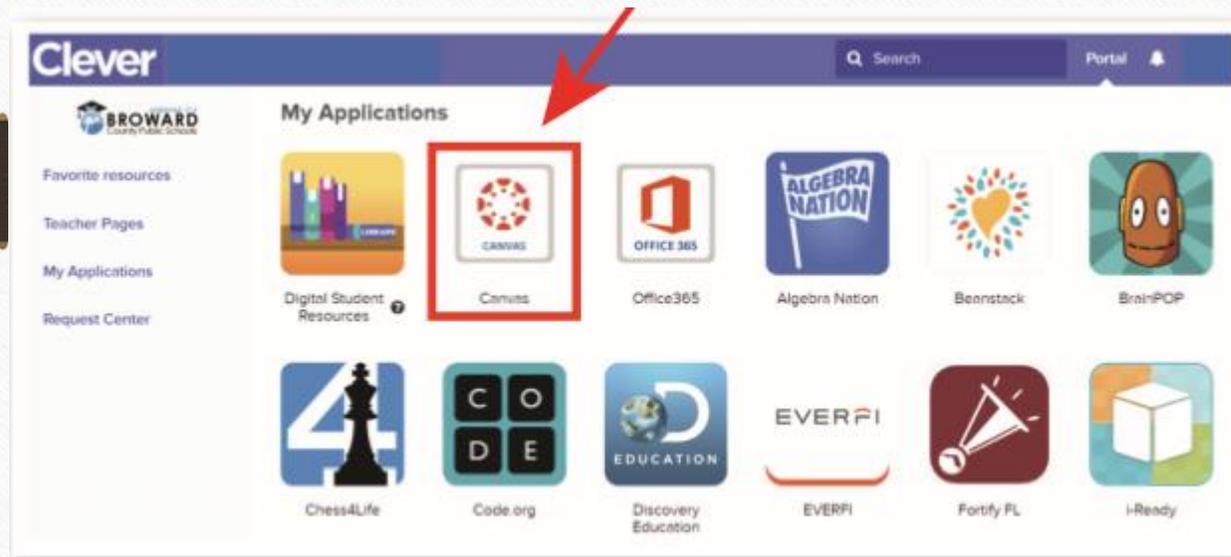

Step 2 – Select the Login with Active Directory, a popup box will appear (make sure you have the pop-up blocker turned off). Enter your child's username and password and hit OK.

Students need to go to [sso.browardschools.com](https://sso.browardschools.com) to access their Clever Single-Sign-On Launchpad

Have your child sign in with his/her student number and password/PIN to get to his/her personalized Clever Single Sign-On Launchpad.

## 2. How does your child enter school?

Each student's dashboard is different depending on grade level.

Here is a sample of one.

For young and complex learners, parents/guardians should log in with the student information.

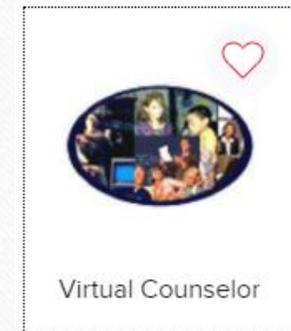

### 3. How does your child get to class?

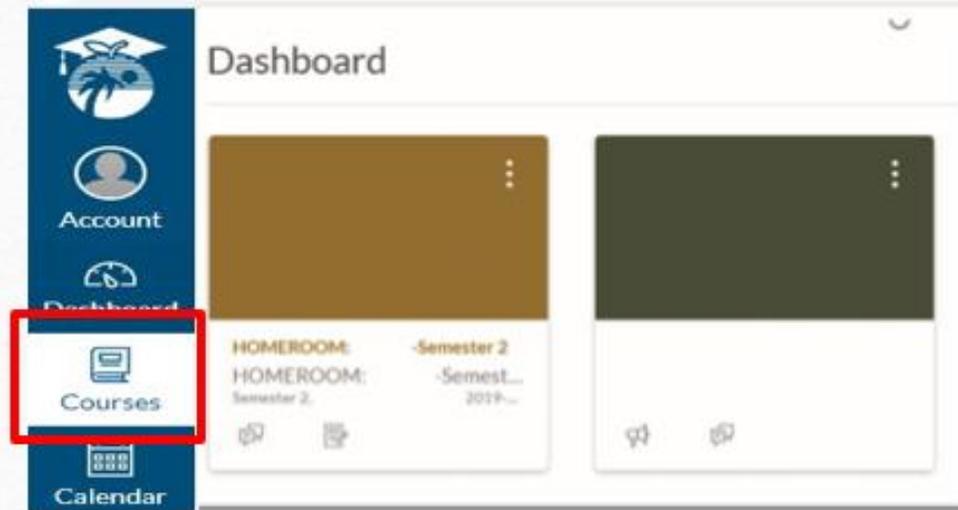

If your child has multiple courses (middle and high school), they need to review their school schedule to know the order in which they should be attending classes.

Have your child go to Virtual Counselor to find out his/her class schedule.

Virtual Counselor may be accessed by logging onto your child's Single Sign-On LaunchPad at [sso.browardschools.com](https://sso.browardschools.com) and clicking on the Virtual Counselor tile.

## 4. How does your child enter class?

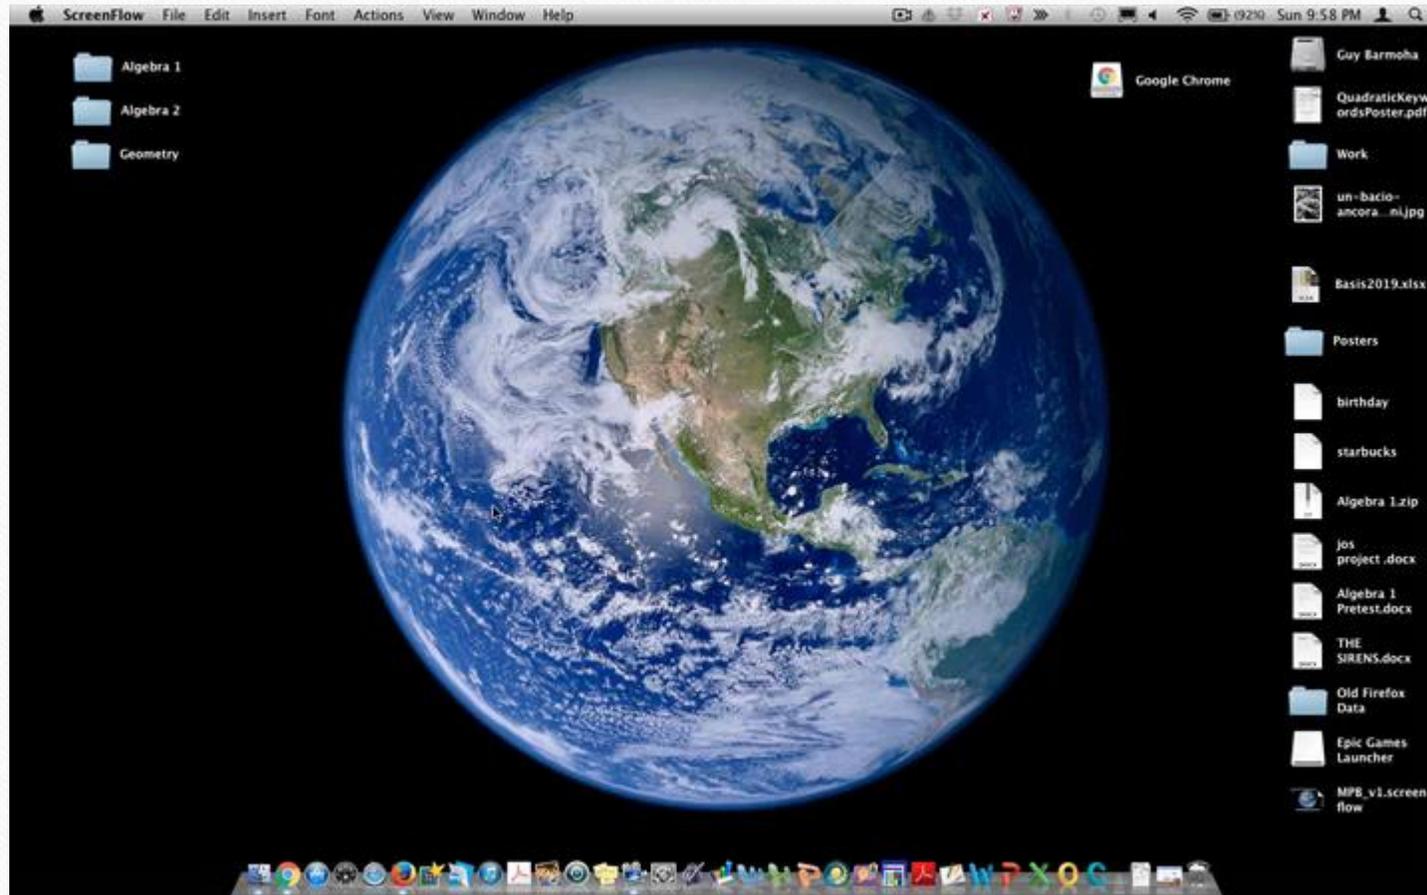

Have your child click on the Canvas image outlined on their SSO Launch Pad.

That will take your child to their Canvas course(s). Each course is a tile, so a student with multiple courses will have multiple tiles.

Use the "Courses" button on the left blue navigation bar to access your courses. Or you can click on the Canvas Tile to bring you into your Canvas course.

# 5. How does your child find his/her Canvas schoolwork and Teams web conference link?

## CANVAS ASSIGNMENTS

Read any of the teacher's announcements at the top of the home page of the Canvas course and then look for assignments below. If the teacher has designed work in Modules, click on the Modules link on the left side of the course navigation to begin seeing the units of study.

Teachers will be providing live web conferencing through **Microsoft Teams**. The link to these live meetings will be placed in a **Canvas Home Page**.

## TEAMS WEB CONFERENCING LINKS

The screenshot shows a Canvas course page for 'Pre-Calculus'. At the top, there are buttons for 'Jump to Today' and 'Edit'. Below that is a welcome message from Mr. Barmoha. A banner image says 'Welcome to Pre-Calculus'. Below the banner is a table of Teams meeting links for different periods. To the right of the page is a sidebar with 'Course Status' (Unpublish, Published), 'Import Existing Content', 'Import from Commons', 'Choose Home Page', 'View Course Stream', 'New Announcement', 'Student View', 'New Analytics', and 'View Course Notifications'. At the bottom of the sidebar is a calendar for August 2020.

## An Example of a Secondary Classroom:

Whole group  
lesson  
(20 – 30 minutes)

Begin each class by building relationships  
(teacher to student & student to student [10 minutes])

Delivery of lesson via Teams while using Canvas for student assignments and teacher feedback. Digital/technology tools used to enhance and differentiate lesson delivery (Nearpod, Document Cameras, Canvas Studios, OneDrive, Immersive Reader, SEPA App).

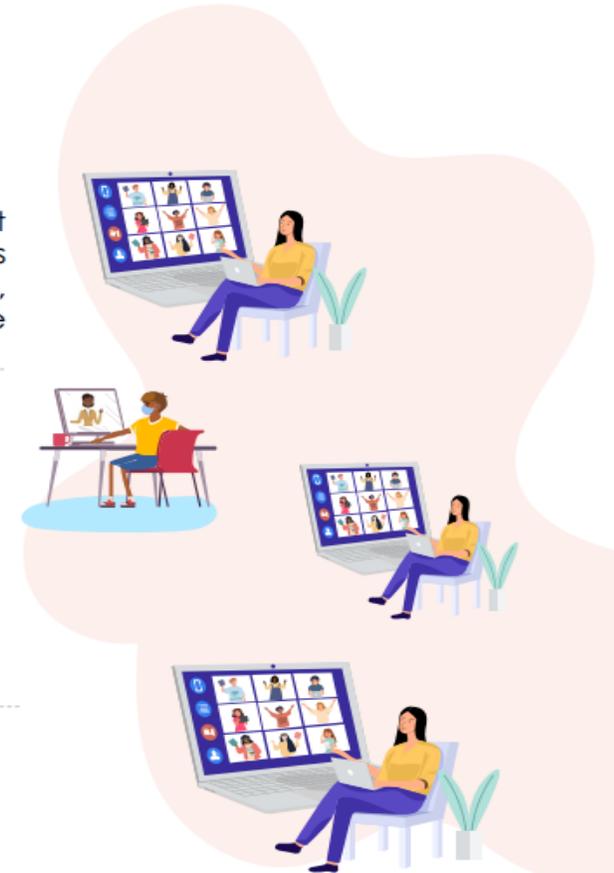

Individual/small  
group work  
(20 – 40 minutes)

Individual/Group time to complete assignments and projects. Teams Channels or Canvas Collaborations can be used for student group work (PBL). This work time should result in a product or performance to identify proficiency of skill or lesson objective.

Teams meetings/Channels can be utilized to provide small group instruction to students on a rotating basis and/or by need (i.e. IEP/504)

Lesson closure  
(10 minutes)

Whole class lesson closure that allows teacher to clear up misconceptions as well as student presentation of product created during the individual/group work time.

# Video of Teacher Delivering Whole Group Lesson

# Q & A - Part 1

# What else do I need to know?

Students need to log in every day:

- To Canvas to review their assignments and instructions from their teacher(s)
- To the Teams web conference by using the Join Link provided by their teacher to receive daily instruction

While your child engages in e-Learning they may not be on the computer all day.

- Some assignments can and will be done online, however, some assignments will be completed offline and then uploaded to a Canvas course for grading.
- Students will be asked to join live web conferences or watch an online video to receive the instruction they need. These web conferences and videos will vary in length.
- As always, please try to provide your child with as much support as possible to help them be successful in their schoolwork.
- Please feel free to email your child's teacher(s) with any questions or concerns about elearning.

# Gifted Services During Remote Learning

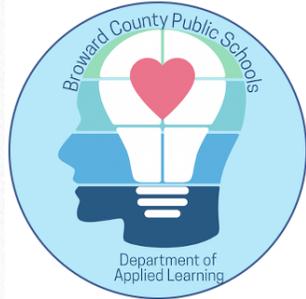

- Students will continue to work with gifted endorsed teachers.
- Gifted teachers will differentiate the online content to meet the individual needs and goals on the students EP's.
- EP meetings will continue virtually unless the parents choose to wait until a face-to-face meeting is possible.
- The district Gifted Team will continue to provide weekly webinars for teachers on topics such as differentiation, how to create collaborative student groups remotely, how to create enrichment clusters in Canvas, how to increase the rigor/complexity of assignments to meet the students intellectual needs, etc.

# Gifted Services During Remote Learning

- Monthly Gifted Advisory Council Meetings for parents will continue virtually with topics such as acceleration, advanced academic options, social/emotional learning for the gifted, etc.
- A Canvas course for parents of the Gifted has been created with free resources. You can access it by going to: <https://browardschools.instructure.com/courses/880063>
- The district Gifted Team will have bi-weekly morning and evening open webinar times where parents can come and ask questions.
- All Gifted screenings and evaluations are on hold now until we can safely bring students back into our school buildings. If you would like to request a gifted screening, please contact your ESE Specialist.

Students can learn how to use Canvas by participating in the [Passport to Canvas](#) course found in the [BCPS Digital Student Resources](#) Canvas Course.

As part of Broward County Public Schools (BCPS) commitment to supporting families and employees engaging in distance learning, the District has established a dedicated technical support line to assist with computer-related issues and needs.

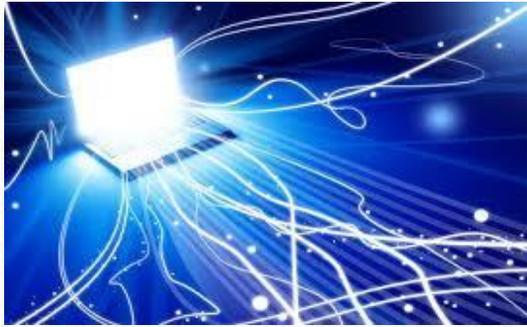

Instead of contacting individual schools for assistance, BCPS parents, students and staff are encouraged to call the technical support line if they have questions or need help with any of the following:

- Operating the computer device
- Fixing a computer device
- Obtaining a computer device
- Using academic platform or programs, such as Canvas, Teams, Office, etc.

Physical Support at select locations will be provided at least 3 days a week that will be managed through appointments created from the Virtual Call Center. Identification of these sites will be communicated at a future date.

**754-321-0569**  
**Monday through Friday 8 a.m. – 4 p.m.**  
**Starting August 24, 2020**

For curriculum support, families should continue to contact the main phone number of the school the student attends. Mental health support is also available through BCPS Student Services Department by calling 754-321-HELP (4357).

# Affordable Internet Access Options for BCPS Families and Staff

There are several options to provide more affordable internet services to meet the needs of struggling Broward families and staff who do not presently have internet access. The following priority list will be served with these opportunities:

1. Students affected by housing instability/insecurity will be provided with unlimited data internet mobile hotspots (or unlimited data phones) at no cost to them.
2. Students who are deeply economically affected by this crisis (e.g., are now the sole family breadwinner) will be provided with unlimited data internet mobile hotspots at no cost to them; and
3. Low income families and staff will continue to be referred to:
  - a) AT&T's Access program with \$5 - \$10/mo.\*cost. Please visit [att.com/access](http://att.com/access) for more details or call 855-220-5211.
  - b) Comcast's \$10/mo. Internet Essentials program\*\* for low income families. Please visit [internetessentials.com](http://internetessentials.com) or call 1-855-846-8376 for English or 1-855-765-6995 for Spanish.

# Web Conferencing Netiquette

Students need to follow proper web conferencing netiquette and display the proper code of conduct and decorum in a virtual meeting. To help you participate well in your class web conference follow these simple virtual meeting netiquette rules and tips:

1. Leave the keyboard alone...
2. Dress appropriately...
3. Be aware of your surroundings...
4. Mute your microphone when you are not talking...
5. Speak up, but do not shout...
6. No food allowed...
6. Stay seated and stay present...
7. Find a quiet location with no or minimal background noise...
9. Turn off all sounds on your phone...
10. Parents should not interrupt meetings...
11. Do not record or upload any portion of any web conference ...

# Attendance Taking

- Teachers will record student attendance in Pinnacle.
- Students will be counted in attendance in the learning environment during their scheduled class time in Teams.
- Teachers should be flexible and consider any extenuating circumstances of individual students and may consider other evidence of attendance in these individual cases.
- Students will be counted as absent when no evidence of the student's online presence can be observed by the teacher during their scheduled class time.
- Parents will be notified within 48 hours of a reported absence via a robocall.
- It is the parent's responsibility to communicate a reason for absence by phone or through the online form available on the traditional school's website (Contact > Report an Absence) or in the BCPS Mobile App (Directory icon).
