

The Challenge: It's Easy!

Student Directions:

- The Summer Challenge is optional for students.
- On June 9th you will be assigned 10 Reading and 10 Math lessons based upon your current grade level. These can be found in the Teacher Assigned Lesson cue.
- Complete and pass 10 lessons in Reading and Math over the summer. If you can't finish all 10 - do what you can (A minimum of 7 passed lessons are required to receive extra credit)!
- Fill out the lesson log as you pass lessons.
- Lessons must be completed by July 31. After this date, i-Ready will not be available until the school year begins.
- Return the i-Ready Lesson log to your Reading and Math teacher when school starts in August and you will receive extra credit in those classes for quarter 1!
