Need Tech Support?

As of Monday, August 24th, District micro-techs will be available to support all our Broward County Public School students with technical difficulties. They will be available from Monday through Friday, from 8:00 am – 4:00 pm.

The main text in the center reads "Technical Support Line Call 754-321-0569". To the right of the phone number is an illustration of a laptop with three floating icons: a yellow question mark, a green checkmark, and a red exclamation mark. Below the main graphic is a black box with white text that reads: "Technology support is available starting on Monday, August 24, with District micro-techs answering your questions Monday thru Friday between 8 a.m. and 4 p.m."
