About *Do-Better Be Better*

The **Do-Better Be-Better** initiative was created through a collaborative effort of teachers and administrators to expand on the successes of last year's "Mission Kindness" and Cypress Bay's designation as a "No Place For Hate" school.

With all of the accolades and successes, we recognize that we can always improve; with that frame of mind, the slogan was born, "**Do Better, Be Better.**"

As we enter the 2020/2021 school year, under unprecedented circumstances, and unimaginable challenges, we must commit ourselves to be **more patient, understanding, flexible, and even kinder.** The Do-Better Be-Better slogan is a commitment to stretch ourselves to achieve our mission of growth in all areas. Cypress Bay High School is mindful that there is always room for growth & reflection.

What is clear, is that this year will require us to **Do-Better and Be-Better**, from digital instruction to the Social-Emotional needs of our students. This desire for change extends to understanding the difference between equity and equality to engaging in courageous conversations about race, discrimination, and injustices of all forms.

At the end of the year, we hope that we would have grown exponentially to **Do-Better, and Be-Better.**

For these reasons, those four words will be our slogan as we strive to

Do Better Be Better

in all that we do. We hope that you will join us in the commitment to do just that, for the betterment of our school, our community, and each other.
