Executive Summary

District Strategic Plan 2025

Broward County Public Schools is the sixth-largest school district in the United States and the second-largest in Florida. The district serves more than 256,021 students at 231 schools and is one of the largest employers in South Florida, with 30,529 team members.

Vision: Educating today's students to succeed in tomorrow's world.

Mission: Educating all students to reach their highest potential.

Core Values: Student Focus, Teaching Excellence, Accountability, Respect, Safety

School Mission Statement

Nob Hill Elementary is committed to providing students and their families with the best possible education. We strive to provide a safe, secure and authentically engaging learning environment that will allow our children to reach their highest potential.

School Community

Nob Hill Elementary serves 516 students enrolled in grades PreK to 5th grade. The student population's ethnicity comprises 37.59% Hispanic and 62.41% Non-Hispanic students. Additionally, we serve a diverse population made up of 51.93% White, 38.58% Black, 0% Native, 3.49% Asian, 0% Pacific Islander, and 6.00% Multicultural students.

The administration includes Principal Traci Porter and Assistant Principal Susana Cruz. Nob Hill Elementary is proud to offer the many unique programs which provide students with opportunities. These include Violin Club, Debate Club, Dance Club, WNHL Morning News Broadcast Team, Art Club, Chess Club, Save Promise Club, Peer Mentors, a Safety Patrol program, and Feelings Friday Group. In addition, we have just begun the Cambridge Program in grades K to 5 which is an internationally recognized curriculum and assessment system that helps students develop skills and understanding in a variety of subjects and develops the student to become confident, responsible, reflective innovative, and engaged. The needs of these programs as well as the academic and social needs of the students are considered when making media center selections and purchases.

Purpose of Collection Development Policy

A school library collection development plan serves as a roadmap to guide library materials' selection, acquisition, and maintenance. It ensures the collection aligns with Florida statutes, the District's Strategic Plan Goals and Guardrails, the school's curriculum, and student needs by providing a framework for choosing resources that best support student learning across different subjects and interests while also addressing diversity and appropriate content levels.

A Collection Development Plan Serves Several Important Purposes:

Statutory Compliance: A Collection Development Plan establishes the framework for adhering to the mandatory state statute, requiring each district school board to adopt procedures for developing library media center collections and to post these procedures on each school's website.

District Alignment: Aligns with Broward County Public Schools 2022-2027 Strategic Plan Goals and Guardrails.

Supporting curriculum: The plan should directly connect library materials to the school's curriculum, ensuring students access relevant study resources.

Student needs assessment: It considers students' diverse needs, including reading levels, interests, and learning styles, to select materials that cater to a wide range of abilities.

Selection criteria: The plan outlines clear criteria for choosing materials, such as quality, accuracy, relevance, and alignment with school values.

Budget management: It helps allocate library funds effectively by prioritizing purchase needs based on identified gaps in the collection.

Collection maintenance: The plan includes procedures for discarding outdated or damaged materials and replacing them with current resources.

Community engagement: It involves collaboration with students, teachers, administrators, and parents to gather input on collection needs.

A thorough analysis of the current media center collection at Nob Hill Elementary indicates that the average age of the collection is from 2007 and the number of books per student is 18.8. The [American Library Association](#) has established a criteria for a highly effective media center that includes a ratio of 10 books available per student in the collection.

Currently, Nob Hill Elementary meets the recommended standards for the number of books per student.

Library Program

The Nob Hill Elementary Media program employs a rotating schedule during which every class in grade PreK to 5th grade visits the media center every four days. During this time, the

media center circulates books, does story readings, and mixes in lessons to support the school curriculum in science, social studies, reading and even mathematics. In every lesson in the media center, the joy of learning and expanding knowledge of the world around the students is promoted. The media center supports school and Broward school district initiatives such as Reading Across Broward, Black History Month, Women's History Month, Military Appreciation Month, Hispanic Heritage Month, Autism Awareness Month and many other BCPS approved learning opportunities.

In addition, the media center is a place within the school for teachers and administrators to collaborate, plan, and find resources to support the school curriculum. The media center hosts many of the school clubs including Debate, WNHL Broadcast Studio, Enrichment Masters, Chess Club, and the Save Promise Club. The media center also hosts PTA meetings, our SAC meetings, a yearly bookfair, a yearly holiday store, award ceremonies, teacher meetings, trainings, Title I Family night, Wellness Wednesday gatherings, and many other activities that happen throughout the school year.

Our media center also celebrates learning and reading with a variety of special reading, research, and learning challenges. These include our Chapter Book Challenge, Black History Month Challenge, Poetry Challenge, Biography/Geography Challenge, Women's History Month Challenge, and many others.

Scope of the Collection

The Nob Hill Media Center collection will include a variety of age-appropriate fiction and nonfiction materials for students in grades PreK to 5th grade. This will include books, ebooks, audio books, board books, magazines, almanacs, and research book such as dictionaries. Age-appropriate streaming media is provided by Broward Country Schools through Discovery Education, Gale, BrainPop, Imagine Learning, iReady and through Sora in partnership with Broward County Libraries. Our collection has a focus on science books to help support in class curriculum and district goals for science as well as a growing collection of high interest books to encourage reluctant readers.

The district provides online resources to ensure equitable access to information for teaching and learning to improve student performance and achievement. Students and teachers can use Clever or Canvas to access age-appropriate materials that support educational and social-emotional needs through the following online resources: Follett Destiny Online Library Catalog, Gale Online Databases and eBooks, PebbleGo Next and National Geographic Kids, Beanstack, and Sora by Overdrive.

School media centers provide access to library media materials that eliminate educational barriers based on gender, race/ethnicity, national origin, color, religion, disability, age, sexual orientation, gender identity, expression, or other protected group status and that are free of bias, stereotypes, distortions, and prejudices. This includes the ability to obtain information in a variety of formats -electronic as well as print, without fear of censorship or reprisal.

Collection Development

Collection Development is the process of providing quality materials and equipment for the library media center. The goal of collection development is to ensure the collection has information sources in adequate quantity and variety to support student's academic and personal interest needs. The media specialist is charged with leading this process with the input of teachers, students, and parents. Resources are selected according to principles of intellectual freedom and provide all learners with access to information representing diverse points of view.

Selection and Evaluation Criteria (Drawn from BCPS Policy 4120)

Selection of Materials

Funded by the state, district, and school, the media collection will contain a wide range of appropriate materials on varying levels of difficulty in various existing and emerging formats. It will focus on materials that address different learning styles and levels.

Responsibility

The School Board of Broward County is legally responsible for all matters relating to the operation of the Broward County Schools. The professionally trained media specialist is responsible for coordinating the selection of instructional materials for the School Media Center, consulting with the principal, teachers, and students.

***In the event there is not a school library media specialist,** the Principal and/or Administrative Designee will assume the responsibility for identifying and selecting an instructional staff member(s) to engage in the selection process to ensure materials support the needs of the school community.

NOTE: Clerical personnel should NOT be responsible for library material collection development and/or resource management and selection of materials.

Criteria for Selection of Print and Non-Print Materials

1. Materials are selected to support the mission of Nob Hill Elementary
2. Materials are selected to enrich and support the curriculum and the educational, emotional, and recreational needs of the users.
3. Materials shall be appropriate for the age, emotional development, ability levels, learning styles, and social development of the students.
4. Materials shall represent differing viewpoints of controversial issues so that users may be motivated to engage in critical analysis of such issues, to explore their own beliefs, attitudes, and behavior, and to make informed choices in their lives.

In keeping with the **Library Bill of Rights**, materials will be considered based on the following:

- Needs of the curriculum, learning/teaching styles of students, faculty, and staff
- Possible use of material (including small or large group instruction, in-depth study)
- Level of physical, artistic, and literary quality
- Representation of multiple viewpoints
- Treatment of subject and lack of cultural bias
- Accuracy and currency of information
- Scope of coverage
- Support of inquiry and critical thinking skills
- Relationship of the material to the overall collection
- Cost, packaging, and documentation

Selection Tools

The following professional resources are available to assist the media specialist in the selection process. However, selection is not limited to the use of these tools.

Follett Titlewave: Titlewave is a collection development and curriculum support tool for school libraries, librarians, and educators, featuring professionally curated content from Follett library services and support tools that help you find the most relevant materials.

Mackin: Mackin uses highly acclaimed review sources (AudioFile, Booklist, Horn Book Magazine, Kirkus Reviews, Library Media Connection, Publishers Weekly, and School Library Journal). It places them in one convenient location to make the best selections for school libraries and students.

Periodicals: School Library Journal, Kirkus Reviews, Booklist, Horn Book, Library Media Connection, Journal of Adolescent and Adult Literacy, Young Adult Library Services, Knowledge Quest.

Books: Children's & YA Book Lists: Best Books, Best Books for Young Adult Readers; Books for You: An Annotated Booklist for Senior High Students; Outstanding Books for the College Bound: Choices for a Generation; and Senior High School Library Catalog.

Note: Common Sense Media, Amazon, Goodreads, The Manga Critic and Reviews from paid reviewing sources **may be used** in conjunction with professional reviewing sources.

Gifts and Donations

Any gifted or donated items must meet the same selection criteria as all other materials—the criteria listed in Florida Statute 1006.28 and Broward County School Board Policy 4120.

Collection Maintenance

Removing materials from a library collection that are no longer educationally appropriate is as an equally important process as selecting new items of high quality. The library media specialist and/or instructional staff should have an ongoing process to evaluate the library media collection and to keep the collection relevant to the changing needs of the curriculum, personal interests, and needs of students. Evaluation of items under consideration for removal from the Library Media Center should be based on criteria related to the educational value of the resources. The removal (weeding) of library materials from the collection is the responsibility of a skilled professional library media specialist. Weeded items should not be disposed of or discarded at the school site. Weeded items should be boxed and identified as DISCARDED or WITHDRAWN and scheduled for pick up by Procurement and Warehousing Services by completing the enclosed Warehouse Assistance Request Form.

Reconsideration of Materials

Inquiries regarding the appropriateness of particular library and supplemental instructional materials are a normal part of the process of providing a wide variety of resources for student use.

Opt-Out Form

Parents may submit their request to limit their student's access to materials in the school or classroom library by submitting a completed Opt-Out Form to the school principal.

Procedures for Objections to Library Materials and Reading Lists

Superintendent Review Committee

1. The School Board shall form a Superintendent Review Committee (SRC) to review objections to library materials. The SRC must have a minimum of five members but may have as many additional members as the Superintendent or his/her designee appoints based on need.
2. Any committees convened for the purpose of resolving an objection by a parent or resident to specific materials must include parents of students who will have access to such material.
3. The membership of the review committee should reflect the broad racial, ethnic, socioeconomic, and cultural diversity of Broward County Public Schools as well as individual(s) with noted or reasonable subject matter expertise.

Phase 1: Complete Objection to Library/Instructional Materials Form

- a. A parent or resident of Broward County who wishes to object to materials used within the School Board of Broward County Public Schools must complete the "Objection to Library/Instructional Materials Form," located on the school's Library Media website. The objection shall include the following information:
- b. Parent or resident of Broward County must specify the text within the material he/she believes is out of compliance with the requirements of Section 1006.28(2)(a)2.a. or b., Florida Statutes, and the nature of the alleged noncompliance.

Phase 2: Notifications

- a. Upon receipt of the completed "Objection to Library/Instructional Materials" form, notifications will be sent to the principal where the challenge originates as well as the Innovative Learning Department staff, school board members, and superintendent.
- b. Any item subject to an objection on the basis of sub sub-subparagraph b. (I) or sub-sub-subparagraph b.(II) must be removed within 5 school days of receipt Page 9 of 10 of the objection and remain unavailable to students of that school until the objection is resolved.

Phase 3: Superintendent's Review Committee Review

- a. The Innovative Learning Department Director shall convene the SRC to review the material.

- b. SRC will utilize an approved review rubric aligned to School Board policies and state statutes approved by the Superintendent.

Phase 4: SRC's Recommendation to the Superintendent

- a. A decision will be rendered within ninety (90) days after receipt of the objection.
- b. Committee will submit their recommendation to the School Board of Broward County, the Superintendent, and the parent or resident of Broward County.
 - i. allows the challenged material to maintain its current status;
 - ii. leave the challenged material in the classroom or school media center, but allow students to use alternate materials approved by school personnel who require the use of the disputed items;
 - iii. limit the educational use of the challenged material;
 - iv. transfer the challenged material to a higher-level school (e. g. elementary to a middle school); and/or
 - v. remove the challenged material from the school environment.

Phase 5: Appeal

- a. If a parent or resident of Broward County disagrees with the determination made by the SRC, he/she may request inclusion on the School Board agenda.
- b. If they disagree with the School Board's decision on the objection to the use of a specific material, a parent or resident of Broward County may request from the Commissioner of Education appointment of a special magistrate who is a member of the Florida Bar in good standing and who has at least 5 years' experience in administrative law to render a recommended decision.

Strategic Focus

This page lists the priorities for weeding and purchasing for each school year and includes the actions, updates, and outcomes. This is subject to change due to funding and time constraints.

School Year	Strategic Focus
Year 1 Current Year	<p>Purchasing Priority 1: History Books (but not Geography) to update and fill in missing holes in grade level appropriate world history, American History, and State of Florida History</p> <p>Purchasing Priority 2: High interest books, with a focus on Easy Books, to encourage reading and help promote reading with reluctant readers including books from popular series like Dog Man, Dork Diaries, Graphic Novels, Star Wars, Pokémon, etc</p> <p>Weeding Priority 1: History Books and Older Geography. Last year we added a new set of State Books which has skewed our numbers, but we still have older titles that need to be weeded.,</p> <p>Weeding Priority 2: Old unread or no longer relevant biography books</p>
Year 2	<p>Purchasing Priority 1: Arts & Recreation Books with a focus on current Sports books—especially NFL Football, Soccer, Baseball, and Basketball, Dance, and Cheerleading.</p> <p>Purchasing Priority 2: Holiday Books (mostly Easy). While we have a pretty good assortment of Christmas/Hannukah/Kwanza books, our selection of other Holiday books is weak. Part of the reason for this is that there just are not many books written for Arbor day, Groundhog Day, specifically for Mother's Day or Father's Day, or other holidays. I would like to seek out quality books to fill in these niches to provide for our students. Holiday books are popular year round in Elementary</p>

	<p>Weeding Priority: As of the year ending 2024, according to the Collection Age Report, we have 45.65% of our books that are 15 years or older. The state requirement is that we are below 50%, so we are in very good shape—especially for a media center that was established in 1972. I will continue to aggressively weed outdated books and books that are no longer being checked out and read.</p>
Year 3	<p>Purchasing Priority 1: Continue to focus on quality Easy and General Literature Books and well as make purchases in any areas of weakness that are identified in future Collection Development Plans.</p> <p>Purchasing Priority 2: Continue to focus on books that are subject areas that are prioritized by the school or district. For example, we have a high selection of science books, in part, because our school put extra emphasis on science reading in 2021 and 2022 (and continue to encourage independent science reading)</p> <p>Weeding Priority: As of the year ending 2024, according to the Collection Age Report, we have 45.65% of our books that are 15 years or older. Library Bill of Rights

The American Library Association affirms that all libraries are forums for information and ideas, and that the following basic policies should guide their services.

I. Books and other library resources should be provided for the interest, information, and enlightenment of all people of the community the library serves. Materials should not be excluded because of the origin, background, or views of those contributing to their creation.

II. Libraries should provide materials and information presenting all points of view on current and historical issues. Materials should not be proscribed or removed because of partisan or doctrinal disapproval.

III. Libraries should challenge censorship in the fulfillment of their responsibility to provide information and enlightenment.

IV. Libraries should cooperate with all persons and groups concerned with resisting abridgment of free expression and free access to ideas.

V. A person's right to use a library should not be denied or abridged because of origin, age, background, or views.

VI. Libraries which make exhibit spaces and meeting rooms available to the public they serve should make such facilities available on an equitable basis, regardless of the beliefs or affiliations of individuals or groups requesting their use.

VII. All people, regardless of origin, age, background, or views, possess a right to privacy and confidentiality in their library use. Libraries should advocate for, educate about, and protect people's privacy, safeguarding all library use data, including personally identifiable information.

Adopted June 19, 1939, by the ALA Council; amended October 14, 1944; June 18, 1948; February 2, 1961; June 27, 1967; January 23, 1980; January 29, 2019.

Inclusion of "age" reaffirmed January 23, 1996.

Although the Articles of the Library Bill of Rights are unambiguous statements of basic principles that should govern the service of all libraries, questions do arise concerning application of these principles to specific library practices. See the documents designated by the Intellectual Freedom Committee as Interpretations of the Library Bill of Rights.
