DADS: Take Your Child to School
Day

PROCEDURES FOR PARENTS WITH ACADEMIC & BEHAVIOR CONCERNS

Open parent-staff communication is essential to your child's academic and social growth. If you have concerns about any aspect of your child's education or classroom environment, please communicate with the teacher. **Communicating first with your child's teacher is very important.**

For ongoing academic and behavioral issues, we offer assistance via a MTSS (Multi-Tiered System of Support). The MTSS team consists of an administrator, regular education teacher, educational interventionist, school psychologist, and of course, the parent. The team reviews the child's situation, collects data regarding him/her, makes suggestions, and provides extra academic or behavioral intervention, if deemed necessary. The MTSS process is only used when typical classroom interventions have not been successful for the child.

We are a PASL School

Personalization for Academic & Social Emotional Learning

“Personalization for academic and social learning (PASL) presents a systemic school-wide approach to meeting the academic and socio-emotional needs of high school students. PASL refers to the ways in which schools actively encourage students to develop a sense of belonging to the school as a whole, as well as meaningful, positive connections with adults and other students.” **This is a program for all 9th Grade students.**
