

School Improvement Plant (SIP)

The School Improvement Plan (SIP) is a set of goals, objectives and action steps that drives our educational activities relating to school improvement and education accountability. Parents, teachers, and administrators all have a role in developing these goals. Each plan shall address issues relative to budget, training, instructional materials, technology, staffing, student support services, specific school safety and discipline strategies, and other matters of resource allocation, as determined by district school board policy, and shall be based on an analysis of student achievement and other school performance data. If SIP translation is needed please contact **Christine Clock, SAC Chair at 754-322-2900.**

The SIP can be viewed on the **Bair** Website, <http://bair.browardschools.com/>

Parent Involvement Plan and District Parent Involvement Plan

Public Law 107-110 requires that school districts (Local Education Agency – LEA) that receive Title I federal funds develop a LEA Parental Involvement Plan. As well, all Title I schools are required to develop a School-Level Parental Involvement Plan whereby parents assist in the development, monitoring, and revision of all plans.

The LEA Parental Involvement Plan is made available for your review on the Title I website http://www.broward.k12.fl.us/titleone/_files/LEA-PIP_14-15.pdf and at the individual school's website. The Parental Involvement Plan is distributed at the district's and school's parent meetings. You may request a copy of the Bair Middle School Parental Involvement Plan by contacting **Mrs. Emrith at 754-322-2900.** The LEA Parental Involvement Plan may be obtained by contacting the Title I, Migrant and Special Programs Department at (754) 321-1410.

School Public Accountability Report (SPAR)

Florida's School Public Accountability Reports have been generated to comply with federal legislation that requires annual report cards on the educational progress of schools, school districts, and the state. These reports are initially published prior to the beginning of the school year. The School Public Accountability Report contains several types of data (indicators) designed to inform parents and the general public about the progress of Florida's public schools. This report meets public reporting requirements and provides certain additional information of interest on the status of Florida's schools. These reports are online at: <http://doeweb-prd.doe.state.fl.us/eds/nclb spar/index.cfm>.
