Parent/Guardian,

In an effort to increase student performance on standardized tests, Nova High School will sponsor a Geometry Spring Academy Program, an extended learning preparatory program for all students currently enrolled in Geometry. In the academy, students will work with our highly qualified teachers who utilize high yield instructional strategies to reinforce the skills needed to be successful on the End-of-Course Geometry assessment. Students currently enrolled in Geometry who did not take the Algebra I EOC in the spring of 2020 due to the cancellation of state assessment testing as a result of the pandemic, will take the Geometry EOC in 2021 for graduation requirement. Graduation requirements include obtaining an achievement level of 3 on the Florida Standards Assessment.

We are committed to helping Nova students meet their graduation requirement, therefore, we encourage your child to participate in this free eight-week preparatory camp. Academy test preparation will take place virtually on the following dates from 8:15AM-9:15AM through Microsoft TEAMS:
