

Hello!

We, at Westglades Middle School, would like to take this opportunity to thank you for consideration in supporting our school initiative of “Building A Community of Runners” by becoming a 5K business sponsor. The 5K will take place on **Sunday, May 3rd, 2020**, at Pine Trails Park in Parkland.

This is our 11th year holding this amazing event. Every year it gets bigger and better. Our goal is to host 600 runners this year with the proceeds from this race going directly back to the school to enhance resources for our students and teachers.

This is a great opportunity for businesses like yours to make a difference in our community. Your company will receive direct exposure from over 1700 students and their families at Westglades Middle School. Attached you will find an outline describing the different sponsorship levels for you to consider. Thank you for helping us raise money for our school.

Sincerely,

Westglades Middle School Student Government Association
