Great news! BCL is offering **SAT/ACT Prep** and a selection of **Ready for College workshops** curated for high school students!

This intensive program is comparable to that of an expensive SAT or ACT test-prep course. Online class sessions, which include practice tests and test-taking strategies, focus on four components per subject: fundamentals, technique, recognition/reaction, and timing manipulation.

To build a better understanding of test preparation and the college admissions process, parents and students will be assigned homework. Parents and guardians are encouraged to have their teen attend each session and complete each homework assignment.
