**Teachers:** Please initial to the left of the recommended course placement on the label for your curricular area for the student. Each student **must** have a recommendation for one course in English, Mathematics, and Science.

**Parents/Students:** Review the label to the left to identify which courses have been defaulted into your 2021-2022 schedule according to Broward County's Progression Charts. Please compare the defaulted course with the teacher's recommendation for each course. Please write your final selections in the appropriate lines below. You should have a total of 11 courses listed below. We will make every attempt to honor your choices in order of preference; however, ANY course entered below may be placed in your schedule. Please note that core courses are subject to change based upon your 2021 FSA and EOC scores and final course grades. For school information, course descriptions, and progression charts, visit the Florida Department of Education link at fldoe.org.

My child and I have reviewed the District defaults, teacher recommendations, and selected what we believe are the most appropriate courses. Both my child and I understand that ANY course that is selected on this card may be placed in the student's schedule. In addition, we understand that any schedule change request out of an elective course that is selected on this card will be denied. If the course is selected on this course card, it will remain in the student's 2021-2022 schedule. I hereby authorize South Plantation High staff to post my student's name, teacher name, room number, grade level and class for the purpose of facilitating everyone finding the proper place to be during the busy first week of school. This authorization will expire June 30, 2022. I further understand I may withdraw my consent in writing at any time.
