Weekly News and Views of South Plantation H.S.

LET'S GO!!!!!!!!!!!!!!!!!!!!

--Mr. Collins

After our building being mostly dormant since mid-March 2020, it is great to see it roar back to life as students take their campus back! Let's have a great year!

Student SCHEDULES

Schedule Concerns

- All students who have completed the registration process will have a schedule on the first day of school, Wednesday, August 18th. Students who arrive to school and do not see their name on the 1st period list posted in the main hall should proceed to the Media Center for assistance.
- Your schedule concern is important to us! Counselors will be available to students during lunch next to the Cafeteria beginning Friday, August 20th after students have attended one full purple and gold day. Schedule concern forms will be provided by the counselor during lunch.
- Academic (English, Math, Science, Social Studies Core Classes) need is the first priority! Please understand that elective changes will be addressed after academic concerns have been met. We want to support all students with taking desired elective classes as long as space is available.
- If you have an academic misplacement (Ex. You are placed in Algebra 1 and have already earned credit in Algebra 1), teachers will be able to provide you with a schedule change form and you may submit the form to the School Counseling Office beginning the first day of school.

We are looking for Athletes to participate in Swimming and Diving, Girls Volleyball, Football, Bowling, and Cross Country.

Our first games are next week!

Please go to <https://www.browardschools.com/domain/9759>

Print and complete all forms.

Then download the APP Dragonflymax on your mobile device and register.

You will need to have a completed physical and proof of insurance to participate.

It's not too late!

Dear Parents and/or Guardians,

Recent legislation requires that all schools observe a moment of silence at the beginning of the school day. As a class, we will participate in the moment of silence during first period. The moment of silence will last one minute during which time students may not interfere with other students' participation. Teachers may not make suggestions as to the nature of any reflection that a student may engage in during the moment of silence. However, parents and guardians are encouraged to discuss the moment of silence with their child and to make suggestions as to the best use of this time.

The legislation states "in today's hectic society too few persons are able to experience a moment of quiet reflection before plunging headlong into the activities of daily life. The Legislature finds that our youth will be well served if students are afforded a moment of silence at the beginning of each school day."

Please do not hesitate to contact me at 754-323-1950, if you have any questions about the moment of silence.

Sincerely,

Christine Henschel
Principal

Mortgages for Educators

I have been in the education system for 16 years. First started out as a Kindergarten teacher and then received my Master's and became a school counselor. I love working with children. Especially young children as that is the basis of knowledge and behavior throughout their life. As a loan originator I focus on educating teachers on homeownership.

This is important to me because as educator I had many misconceptions on not being able to buy a home. That's why my nickname being "**The Mortgage Educator**" is so important. It breaks the barriers of thinking you have to be ready to contact a mortgage professional. I'm focusing on helping educate others to become a homeowner if not now but certainly in the near future.
