I have seen a huge improvement with the students writing and the attention to detail.

Thank you for all of your help with the kids. I know they truly appreciate it as I do too.

Students can collaborate with the teacher and other students in the class by answering discussion questions and posing other questions to be answered.

The screenshot shows a course management interface. On the left is a navigation menu with items: Home, Announcements, Assignments, Discussions, **Course Progress**, People, Syllabus, Collaborations, Class Notebook, OneDrive, Nearpod, Newsela, MasteryConnect, and Discovery Education. The main content area has filters for Grading Period (3rd Quarter), Course (TELEV PROD 7 HON:), and Arrange By (Due Date), with an Apply button. Below the filters are two tabs: 'Assignments' (selected) and 'Learning Mastery'. A table displays assignment data:

Name	Due	Status	Score	Out of
Observations	Jan 15 by 11:59pm		25	
What can you do?	Jan 15 by 11:59pm		50	50

A red oval callout bubble is overlaid on the table, containing the text: "When the teacher grades the assignments or writes comments they can be viewed under the 'Course Progress' tab on the left-hand side."
