

Medical Science Magnet Programs: Important Information

Congratulations and welcome Medical Science Magnet Students to our 2019- 2020 school year. It is with immense pleasure as your Magnet Coordinator, to work with you throughout your educational journey. As you are aware from the application process, your placement in our Medical Sciences Magnet Program is based on academic and social criteria.

As a student of Blanche Ely Medical Magnet Program, you must comply with the academic standards that were utilized to determine eligibility, which includes exemplar conduct, attendance and a 3.0 GPA or above in all classes. We expect our magnet students to show the highest standards of academics and ethics and promote the development of good character and other life skills while on campus, volunteering, or representing our program. A model student should show a high degree of decorum showing respect.

Due to the rigor and distinguished expectations of our magnet students, it is essential to work with me, Mrs. DeCelle, your friendly neighborhood Medical Sciences Coordinator throughout your journey to ensure your success. Students and parents, you are of the utmost importance and I am here to help. Students may see me during their study hall, with a pass, lunch or after school. However, please do not hesitate to email me at amy.decelle@browardschools.com if needed.

Each of my Medical Science Magnet students are valuable and essential to the success of the program. Therefore, students will begin with Hunter Green medical scrubs. Once you have taken the medical prerequisite classes for your designated pathway, confirm by instructor and coordinator, in addition to updating your academic plan, you will then begin your specific field of study. Premedical students will have the opportunity to choose one medical industry certification area, in addition to the premedical journey. The uniform then will change to accommodate the area of certification.

Please do not purchase uniforms until you have your schedule and your prerequisite classes have been mastered. Once the emblem is embroidered, you will be unable to return or exchange your uniform.

Blanche Ely Medical Science Magnet Programs 2019-2020 Uniforms:

Please have your child present his or her school identification so you will receive the agreed upon discount.
