Title 1 School**

*December 12, 2019 · 8:00 am · Media Center*  
**Meeting Agenda**

Mr. Quijada      Welcome  
                         Safety Updates  
  
                         Open agenda

Ms. Hamby brought up the indoor air quality. The CO2 levels in her area of the school are climbing over 1100 on a daily basis. This causes headaches and other concerns for staff and students. Teachers have also reported students with frequent nosebleeds. We need to have this addressed immediately.

**Next Meeting: January 16, 2019, 8:00am, Media Center**
