FAFSA is where students get the majority of their grants, loans and work-study funding to go to most colleges, universities, and technical schools!

In 2016-2017, BCPS seniors received over \$16,000,000 in Pell Grants (**free money!**) by completing the FAFSA. Still, over 45% of seniors didn't submit their FAFSA and left at least another \$5.5M in grants on the table!

Everybody is strongly encouraged to submit a FAFSA, regardless of his/her income. You may pick and choose which types and the amount of financial aid you receive. So, it doesn't hurt to ask for a financial aid package!
