SAC COMMITTEE'S RESPONSIBILITY

The responsibility of a member of the SAC Committee is to attend monthly meetings to examine the various academic aspects of our school and their impact on student achievement. The SAC Committee then works to develop strategies for improving the areas most important to our school—and decide how best to measure the results of our implementation strategies. We discuss our School Improvement Plan (SIP) as it relates to budget, trainings, instructional materials, student support services, school safety, discipline strategies, and other matters of resource allocations, etc.
