

A.P. EUROPEAN HISTORY SUMMER ASSIGNMENT

If at all possible purchase a study guide book, Barons, Princeton, etc. This will help you to pass the A.P. exam which is worth at least \$3,000. You need to study the first section of material which is from 1405 to 1648. If you have already taken an A.P. course you should be able to complete an SAQ and an LEQ along with a DBQ. If this is your first A.P. class you can find examples on You Tube and A.P. Central. Please come to school prepared by practicing and understanding the Rubrics.

Be prepared to take a test on the 2nd week of class which will cover all of these skills and the first time period material. I look forward to a great year and hope you will enjoy the class.

Mr. Biggar

A.P. European and A.P World History
