

PRINCIPAL'S MESSAGE

ALFRED L. BROOMFIELD II

Dear Mustang Community,

It is with great enthusiasm that I welcome the entire Mustang family to the 2023-2024 school year. It is an absolute honor and privilege to continue to serve this amazing school and community. I look forward to another exciting school year full of energy, enthusiasm with life changing experiences and student engagement. As you know, McArthur has always been known for its rich history, lasting traditions, and a sense of enormous pride. I am excited to collaborate with such an involved community of parents and stakeholders to provide our scholars the very best high school educational experience possible.

As I enter my 19th year in education, the roll of educator and leader continues to become more and more challenging. However, I am looking forward to collaborating with our community and parents, to provide our scholars a real world 21st century learning experience. Here at McArthur High School, we will continue to provide our scholars rigorous college preparatory strategies that prepare our scholars for college; and experiential learning opportunities to ensure they are prepared for life after high school.

Over the summer, our staff have worked extremely hard preparing their curriculums, training on new methodologies; and preparing the campus environment for an exciting, and enthusiastic year of teaching and learning. The success and accomplishments of this school has been something to truly cherish and celebrate. Our teachers prepared our scholars to make tremendous gains on their Math, Science and Social Studies end of course exams. We ended the year with an overall graduation rate of 98%, in addition to graduating 42 AICE Cambridge scholars out of 44. These individuals have qualified for the highest level of bright futures.

While I am truly excited about the great things instore this year, I am more excited about welcoming another incoming freshman class to McArthur High School. I look forward to getting to know each one of our incoming Mustangs; and supporting them in all that they do within the school and community. I challenge each of our Mustangs to get involved and be an active member of our school by supporting athletics, clubs, JROTC, performing arts, as well as engaging in volunteer opportunities. I look forward to being actively engaged and visible within the school and community. We pride ourselves on remembering "a Mustang continues to strive to be the best, and never settles for less; because anything else is unacceptable. Failure is Not an option. With everything we do as Mustangs, we strive for Excellence, No Exceptions, No Excuses! Again, We Welcome you to McArthur High School, where "It is always a Great day to be a Mustang!"

Sincerely,

Alfred L. Broomfield II, Principal
