2022-2023 Everglades Elementary Aftercare

General Aftercare Information:

Recreational/Outdoor Play: Students can play outdoors in our playgrounds, courts, and fields during our recess time. (2:15-3:00 PM).

Homework: All students will be scheduled for structured homework time every day. We provide an hour of homework time (3-4 PM), but students can continue to work until they are finished or are picked up to go home.

Weekly Activities: Our programs are required to provide two academic components for each group per week. All academic components will be held in allocated classrooms or cafeteria once homework has been completed, (4:00-5:00PM). Our academic components include: STEM, reading, dramatic role play, art and tech time.

Snacks: We take attendance as soon as your child joins our program at 2:00 pm. Each child is given one snack.

At Everglades Elementary, our aftercare program goal is to offer a wide variety of activities in a safe and nurturing environment. This program will provide parents/guardians with a secure, constructive learning and play environment for their child(ren). Our program is designed for the ages of the children who attend the school and activities are age appropriate and supervised by competent, caring, qualified staff members.

If you have any questions please contact our Aftercare Supervisor, Veronica De Paz at veronica.depaz@browardschools.com or call, 754-323-5630.
