## GROWING GREATNESS, ONE STUDENT AT A TIME

### SEPTEMBER 2, 2024

Greetings Griffin Families,

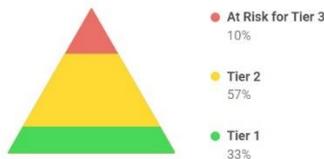

It's hard to believe we're already entering our second month of the 2024-2025 school year. Thank you for helping make the first three weeks a success! We appreciate your partnership, patience and cooperation. Together we can achieve success.

We completed our iReady diagnostic 1 in both Reading and Math. The next diagnostic will be in December. iReady is now opened for students to work on their individualized pathway. It is NOT recommended for students to do more than 50 minutes a week in each subject area. Most students complete their minutes at school. Below is where our students are presently in Math. We will do a comparison in December.

Students Assessed/Total: 538/540

Please encourage your child/children to read daily for at least 20 minutes a day. Students can log their books on Beanstack, which is on the Clever App. To date we only have a few students logging books. If students are in KG/1<sup>st</sup> – parents can log the books for the students. Research indicates that daily reading for students significantly improves their reading comprehension, academic performance and cognitive development. It also expands vocabulary and language understanding.
