

Students can view their textbooks on-line at  
[www.browardschools.com](http://www.browardschools.com).

When you get to Broward County School's website, click on the BEEP link (located on the left hand column). Once on BEEP, you need to click on the **Student Portal**. Then, you need to enter your child's birth date and student number. Once you enter this information, you will have access to the resources available to you.

Happy Reading!
