Greetings from Officer Permenter

Hello Nova Eisenhower Family! This month's safety tip is about social media. Most of our children either have cell phones or tablets and have access to different social media platforms. Though most of their social media activity is legitimately with their friends and classmates, there is always the chance that the child they believe they are speaking to is not who they say they are. As we all know, young children are trusting and are naïve to a lot of the dangers of the world. Our job as parents and protectors is to shield them from all dangers seen and unseen. I'm asking that all parents please monitor your children's social media access and please monitor who they are speaking to while they are online. Predators routinely use social media outlets to prey on young children of all demographics. In addition to monitoring your children's online activity, those parents who are comfortable with the idea can also install GPS monitoring on your children's cell phones. There are several free apps that can be installed and allow you to know your child's whereabouts at all times. If your children are anything like mine, they are more concerned with a fully charged cell phone than a full belly so it's a good way to always know where they are. I'm aware that some parents may feel that "tracking" their child is an invasion of their privacy but if an unfortunate situation occurs, this could be a helpful tool to assist law enforcement in locating your child. With the holiday season approaching and lots of upcoming free time for children I thought it important to share this information with you all. As always if you have any questions or concerns, please feel free to contact me. Thank you for your time family and see you all next month with a new update!

Thank You!!!

Very special thanks to the Avila Family, the Bardouille Family, the Danvers Family, and the Buchanan Family for their donations of time, books, and goodies to the media center! :)

After-School OPEN MEDIA - Wednesdays

Current NEE students can attend (with their parent or another adult chaperone) to take AR tests, check out books, work on homework, or enjoy quiet reading from 3:30 until 4:15. Please check in at the main office on December 4, 11, 18, and January 8, 15, 22, and 29.

Reading Across Broward

Reading Across Broward forms were sent home. They are also available on the school website and in the media center. There are 2 different forms, depending on whether your child reads chapter books (generally grades 3-5) or picture books (generally grades K-2). The list should include books read between April 1, 2019 and March 31, 2020. Forms are due to Mrs. Moore by April 3rd. Winter Break is a great time to work on your reading!

A HUGE THANK YOU!!!

To all the families that donated towards our Thanksgiving Food Drive.

A Message from your Assistant Principal

Greetings,

As we come close to the end of the first semester of learning, we have lots to celebrate. Students, please take time to reflect on the successes each of you have accomplished. Parents, this is a time to acknowledge the growth & development you've witnessed in the first half of the year. In this reflection, it is equally important to plan for the second half of the year when we return in January. January brings the wonder and excitement of the dawn of a new year and an opportunity to set new goals.

It has been a busy first half of the year and I want to take this time to express a sincere thank you to our entire community for supporting all the various activities and events. I know it is a huge commitment to attend events, serve as a Mystery Reader or volunteer your time. I would like to extend a special thank you to our AMAZING PTA for all the programs, events, donations and hours of service given to the Eisenhower community. They have even more planned for the second half the year, so please continue to support them. We cannot do this work without the support of all our parents, community partners and the PTA.

We are entering the time of year that allows us to celebrate holiday traditions unique to our families. At the core of these celebrations is the spirit of giving. In the coming weeks we will share gifts, time with family and give to those in need. These principles provide opportunities for us to enjoy each other and participate in a wide variety of exciting and meaningful cultural events. Whatever your family tradition, please take the time to be present in the moment at each celebration. This time with family and friends fills our buckets with love, hope and appreciation. I wish all of you a wonderful holiday season. I look forward to seeing you all in January healthy, happy and excited for the second leg of our journey.

Regards,
Mrs. Tyghter

We have much to be thankful for during this Fall season! We are so fortunate to have community partners that continue to give back to our school and make NEE such a special place for our students, teachers, and staff. We would like to spotlight and thank Ms. Berger for donating an espresso machine for the staff! A big thank you also goes to Jennifer Roca for donating tons of books that have filled up our classroom library shelves and fueled our passion for reading! Our school always has a use for extra copy paper, so it was much appreciated when we received 10 cases of white copy paper courtesy of Cheyenne Purvis and the Sednat Holding Company.

PTA also continues to go above and beyond to enhance our classrooms and school by fulfilling all our wants and wishes! Many of our classrooms have received beautiful new carpets and various wish list items! Our wonderful PTA has also graciously donated coffee supplies, that is much enjoyed daily! Thank you to our PTA for always thinking of us and making everyone here at NEE feel appreciated!

once upon a time

Hello Wonderful Nova Families,

The holiday season is upon us, and what an amazing time of year. With the extra time off from school, families have more opportunity to spend quality time together. A great way to spend some of that time is to just lay back, relax, and read a book together. Find something interesting that both you and your child will enjoy reading. It not only helps with family bonding time, but also keeps your child's mind active and learning. Have a great holiday season!
Mrs. Fischer
Literacy Coach

Happy December from the third grade team! Third grade is working towards mastering the student's first state standardized assessment in April, the FSA! We are focusing on literacy standards every two weeks and our goal is mastery of each of the standards. In math, our focus right now is on multiplication and division with word problems and their vocabulary. We are reviewing question stems and working in groups in both reading and math to help each other master these concepts. Keystone assessments are also well underway! We use them in science and social studies as we learn about landmarks, map skills, fables and even edible insects!

Third grade is proud to be the winners of the penny challenge to help our PTA. We also went on our first field trip to Flamingo Gardens and learned so much about adaptations and animals that are native to Florida. We are also looking forward to holidays around the world (which will be taught in December). Third grade would like to thank our parents for their continued support!

The Character Education Trait for the month of December is Kindness. Kindness means being helpful, thoughtful, caring, compassionate and considerate. As we enter into the holiday season, I can think of no better trait to be recognized for this time of year. Let us all remember that being kind costs nothing and it is the most contagious trait we can transmit to each other.

Social and Emotional Learning (SEL)
As we continue to explore and learn about the five core competencies of SEL, here is another technique that has been shared on our morning announcements for our weekly **Mindful Moments** segment. This strategy is called **Rock the Baby**. Here is how it works:

1. Begin by sitting up tall in Sitting Mountain.
2. Lift your right foot up onto your left knee and flex your foot to engage your foot and leg. Hold onto your foot with your left hand and take your right knee into your right hand.
3. Keeping your spine nice and straight, lift your right leg up and in toward your chest to cradle it like a baby. Gently rock your baby from side to side.
4. Gently release your leg. Switch legs to rock your other baby.

Did You Know?
As we return from our well deserved winter break, our next character education trait for January is **Respect**. Respect means showing consideration, understanding and regard for people, places and things. This is a wonderful way to start back the new year with a renewed sense of everyone showing respect for each other as well for themselves.

During the week of **January 20 - 24, 2020**, Broward County Schools will celebrate **No Name Calling Week**. This is a great opportunity to reiterate the importance of sharing with your child how to interact with their classmates. More information will be shared on morning announcements during that time.
