Did you know that Nova Eisenhower is a Title I school?

The Title I, Migrant and Special Programs Department provides support and technical assistance to the schools of Broward County to implement programs and services that ensure that all children have a fair, equal, and significant opportunity to obtain a high-quality education and reach, at a minimum, proficiency on challenging state academic achievement standards and state academic assessments.

Title I, Part A provides for substantive parental involvement at every level of the program, because students do better when parents are actively involved in the education process, both at home and at school.

Please come and join us for the activities planned for this school year.

Whether it be online or in person, I look forward to your participation!

Also, as Literacy Coach, I encourage you to spend time reading to/with your child. Just a few minutes each day, possibly before bed, can make all the difference in your child's reading progress.

Thank you, Lorraine Fischer

The start of a new school year is a wonderful time to get off to a fresh start. Students will need to get into the routine of being back in school. Although we are in a new normal, it is still very important to have set guidelines that need to be established. Parents should make sure that students know that there are procedures that need to be followed for them to have a smooth transition back. Having a set routine to complete assignments and projects is going to be key to having a successful start. Rules for watching television also need to be enforced. Create a chart for the first few weeks of school until routines become habits. Make sure to reward student on the days when all responsibilities are taken care of without being asked.

Some of the programs that will be continued include the Kid of Character recognition program. Each month represents a different Character Education Trait. Teachers will have an opportunity to nominate two students a month that best demonstrates that Character Trait. Students are recognized for their achievement. We will also continue with our Mindful Moments to engage our students in fostering their Social and Emotional Learning. Let us continue to encourage our students to be the very best everyday, so that we can have a successful school year working together even during this virtual environment.

PRINCIPAL'S MESSAGE

Greetings,

We are thrilled to welcome the Nova Eisenhower community to the 2020-2021 school year! We know this school year is very different for our returning students and a whole new adventure for our kindergarten class. We are in this eLearning journey together! The venue for learning is different, however our commitment to providing the best for students remains the same. We look forward to an exciting, engaging and enriching school year of learning and exploring with students that we know are ready for the challenge!

We look forward to partnering with our parents to ensure students have the optimal opportunity for success. The home-school connection is critical in giving our students all that they need to achieve their highest potential. Please contact your child's teacher on a regular basis to ensure you have all the information, tools and resources to support academic and social/emotional learning. Consistent and ongoing communication between parent and teacher is critical to student success!

We are always looking for community partners. Does your business want to donate time or resources to support Nova Eisenhower? We need you! Your partnership allows us to provide more activities, support and tools to our students and teachers. Partner with us today by contacting Mrs. Ashley Diamond, Assistant Principal.

Please join the PTA. Membership in the PTA supports programming, resources, events, teaching and learning for ALL students. Membership dues go a long way in supporting our school. Once you join, you decide how much (or how little) you want to get involved. Membership does not come with any automatic obligations. Your PTA membership dues support existing and new initiatives to improve our school.

It is critically important that you keep your phone, email and address information updated. If there are any changes to your phone, email or address, please call the office for instructions on how to update this information. During our eLearning time, most of our information is shared via phone or email so it is very important that we have your most current contact information.

To stay connected with all that happens at NEE, visit our website regularly, listen to ParentLink messages and follow us on Twitter.

Let's make this a year for the record books!

A Message from your Assistant Principal

It is a great honor to welcome back our new and returning NEE students to a brand-new school year! This year we are starting out in a virtual setting, but we are still deeply connected to each other within the community. The Nova Eisenhower staff, PTA, and business partners have been working together to plan and start the year off with positivity and optimism! We are all on this journey together and the students in the NEE community have the support necessary to excel, learn and grow in the 2020-2021 school year! Please stay tuned to our Partners in Education corner each month for some exciting things happening this school year with our amazing partners!

Notice: Parents interested in providing input into the performance evaluations of Nova Eisenhower Elementary instructional and/or administrative employee evaluations may contact our office at (754) 323-6650 by April 2021.
