**Principal's Report:** Principal Jo-Anne Seltzer went over how one of our big goals is to improve in growth and proficiency with our Lowest Quartile students. We are currently looking at our data and deciding how to improve in reading components. For example, diving into vocabulary and figuring out what to use for students if they have a vocabulary deficiency. Safari groups are helping target and meet student needs. Using Response to Intervention (RTI), we can identify and target student deficiencies. As a team, we discuss what interventions will be supportive based on the Intervention Chart on the Reading Plan. Once we identify and target, we collect data and the cycle continues through RTI, data chats, parent conferences, and PLCs.
