Policy 5.8, Code of Student Conduct, lists the District’s rules for students in Broward County Public Schools. The rules apply to all activities occurring on school grounds, on other sites being used for school activities, and on any vehicles authorized to transport students. Your signature below does not indicate that you agree or disagree with the rules, but rather that you have reviewed the electronic copy of these rules (http://www.browardschools.com/codeofconduct). Return this form to school within 3 days from the first day of school or from the date of enrollment. If you would prefer to complete all required forms electronically, please access the Back to School Toolkit (https://www.browardschools.com/backtoschool).

Parents need to be involved in the education of their children and have the responsibility to:

• Know that for school safety, schools are not required to provide supervision more than 30 minutes prior to the official starting time, nor are they required to provide supervision for more than 30 minutes after the official closing time (F.S. 1003.31 (2)).
• Know that for school safety, for students who ride a school bus, drivers are NOT permitted to let students off the bus except at the designated stop.
• Provide the school with the names of current emergency contact person(s) and/or telephone numbers on an annual basis and when there are changes.
• Notify the school of anything that may affect their child’s ability to learn, to attend school regularly, or to take part in school activities.
• Be aware that medicine must be administered in accordance with SB Policy 6305 and 6305.1, as may be amended, and that consequences for transmittal and/or sale or attempted sale of over-the-counter medications and possession and/or use of unauthorized medications can be found in SB Policy 5006. SB Policy 6305 outlines the rules regarding over-the-counter and prescription drugs and SB Policy 5006 outlines the consequences for violating those rules. You may view the complete health and suspension and/or expulsion policies, as well as all School Board policies, on the Web at: http://www.Broward.k12.fl.us/sbbcpolicies.
• Be aware that parents have rights with regard to the privacy and confidentiality of student records that are maintained by schools as defined in Section VIII of this booklet.
• Neither the School Board of Broward County nor its employees will be held liable for items that are prohibited and are lost, stolen, or confiscated; or for wireless communication devices or other personal technology that are lost, stolen, or confiscated.
• Be aware that confiscated items not claimed by the end of the school year will be donated to local charities.
• Recognize that they are responsible for their student’s behavior on the way to and from school and at the bus stop. A safe and respectful learning environment is key to academic achievement; therefore any student’s off campus actions that seriously affect a student’s ability to learn or a staff member’s ability to teach may be handled as a disciplinary infraction. For serious incidents that occur at bus stops and/or that are not on School Board property, parents should contact law enforcement directly. For bullying incidents (see bullying definition, Section II), school officials should be notified and will investigate and/or provide assistance and intervention, as the principal/designee deems appropriate, which may include the use of the School Resource Officer.
• Ensure their child demonstrates legal, ethical and responsible use of technology including networks, digital tools, the Internet, and software, as defined in Section IV of this booklet.
• Parents will continue to maintain responsibility for students who reach the age of majority, (18 years or older), for all educational and discipline purposes, with exceptions as provided by statute.

Note: Parental selection for each form within the Code of Student Conduct will be effective until a new form is submitted.

Health Screening Opt-Out Form

According to the guidelines established by the Florida Legislature, at the beginning of each year, parents shall be notified of the screening activities available through the School Health Services Program. Florida Statue 381.0056(5)(g), mandates health screening to public school students in Kindergarten (KG), 1st, 3rd and 6th grades and for students new to the county. It should be understood that such screenings do not substitute for a thorough examination by a health care provider.

The screenings include vision, hearing, height and weight, Body Mass Index (BMI) and Scoliosis. They are offered in an effort to decrease health barriers to learning and may be performed individually or in groups. Parents or guardians have the right to opt their child out of the screenings.

Note: If you DO NOT want your child to receive one or more of the screenings, please check the appropriate box below, print and sign your name, and return this form to your child’s school WITHIN 10 DAYS FROM THE FIRST DAY OF SCHOOL or from the date of enrollment, if a student enrolls after the start of each school year.

Parents need to be involved in the education of their children and have the responsibility to:

- Know that for school safety, schools are not required to provide supervision more than 30 minutes prior to the official starting time, nor are they required to provide supervision for more than 30 minutes after the official closing time (F.S. 1003.31 (2)).
- Know that for school safety, for students who ride a school bus, drivers are NOT permitted to let students off the bus except at the designated stop.
- Provide the school with the names of current emergency contact person(s) and/or telephone numbers on an annual basis and when there are changes.
- Notify the school of anything that may affect their child’s ability to learn, to attend school regularly, or to take part in school activities.
- Be aware that medicine must be administered in accordance with SB Policy 6305 and 6305.1, as may be amended, and that consequences for transmittal and/or sale or attempted sale of over-the-counter medications and possession and/or use of unauthorized medications can be found in SB Policy 5006. SB Policy 6305 outlines the rules regarding over-the-counter and prescription drugs and SB Policy 5006 outlines the consequences for violating those rules. You may view the complete health and suspension and/or expulsion policies, as well as all School Board policies, on the Web at: [http://www.Broward.k12.fl.us/sbbcpolicies](http://www.Broward.k12.fl.us/sbbcpolicies).
- Be aware that parents have rights with regard to the privacy and confidentiality of student records that are maintained by schools as defined in Section VIII of this booklet.
- Neither the School Board of Broward County nor its employees will be held liable for items that are prohibited and are lost, stolen, or confiscated; or for wireless communication devices or other personal technology that are lost, stolen, or confiscated.
- Be aware that confiscated items not claimed by the end of the school year will be donated to local charities.
- Recognize that they are responsible for their student’s behavior on the way to and from school and at the bus stop. A safe and respectful learning environment is key to academic achievement; therefore any student’s off campus actions that seriously affect a student’s ability to learn or a staff member’s ability to teach may be handled as a disciplinary infraction. For serious incidents that occur at bus stops and/or that are not on School Board property, parents should contact law enforcement directly. For bullying incidents (see bullying definition, Section II), school officials should be notified and will investigate and/or provide assistance and intervention, as the principal/designee deems appropriate, which may include the use of the School Resource Officer.
- Ensure their child demonstrates legal, ethical and responsible use of technology including networks, digital tools, the Internet, and software, as defined in Section IV of this booklet.
- Parents will continue to maintain responsibility for students who reach the age of majority, (18 years or older), for all educational and discipline purposes, with exceptions as provided by statute.

Multi-Tiered System of Supports (MTSS)/Response to Intervention (RtI) Parent Guidance

What is Multi-Tiered System of Supports (MTSS)?

MTSS is a term used to describe an evidence-based model of schooling that integrates academic and behavioral instruction and intervention to promote the success of all students.

What is Response to Intervention (RtI)?

RtI is the practice of providing high quality instruction and intervention matched to the student’s need with close monitoring of how a student responds to different types of instruction.

Tier I refers to the high quality instruction provided to ALL students.

Tier II refers to the intensive support a few students need.

Tier III refers to the targeted support some students need.

How will MTSS/RtI impact my child?

- Multi-tiered System of Supports (MTSS) ensures that your child receives varying levels of academic and behavior supports based upon his or her need.
- Your child will be included in early identification of academic or behavioral problems so assistance can be provided at the first signs of difficulty.
- Help for your child will increase or decrease depending on his or her needs.
- You are encouraged to participate and become involved in planning and providing interventions to help your child.
- You will receive frequent updates of your child’s progress.
What should I do if I believe my child is struggling?

- Talk with your child’s teacher
- Review and assist with homework assignments
- Ask for regular meetings with your child’s teacher
- Celebrate your child’s successes
- Learn more about the curriculum, assessments, and interventions being used in your child’s school
- Participate in conferences and problem-solving meetings for your child

How can I participate in MTSS/RtI?

Families play a critical role in supporting what their children are learning in school. The more parents are involved in student learning, the higher the student achievement. Ask questions to learn more about MTSS/RtI in your child’s school:

- Is my child successful? How do I know? If not, why and what can we do differently?
- If needed, how is additional help going to be provided? By whom? How often? For how long?
- How can I participate in problem-solving about my child?
- What can I do to help with the interventions for my child at home?
- How will I know if interventions are working?

What is Human Trafficking?

Human trafficking is modern day slavery. It’s the transporting, soliciting, recruiting, harboring, providing or obtaining of another person for the purposes of forced labor, domestic servitude or sexual exploitation using force, fraud and/or coercion.

Trafficking happens everywhere, but most victims are trafficked close to home, and exploiters are often fellow citizens. The most common form of trafficking reported is sexual exploitation and most survivors are female. Some under-served populations at greater risk are those who may be LGBTQ, intellectually disabled, pregnant, or young parents.
