

Course Recommendation Override Form

Parent/Guardian Preference Form for Placement in Non-recommended Courses

Student Name (Last, First)	Grade	Student Number
----------------------------	-------	----------------

Course placements are based on individual student achievement, test scores, and other academic data. These placements are based on research; which support specific course selections to provide students with the most rigorous academic program. Parents/Guardians who request to change these placement decisions must meet with a school counselor/designee to be aware that:

- Students choosing a more rigorous course may need additional support (e.g., tutoring, extra study time, exam reviews, study groups, parental support, etc.).
- All high school courses, including those taken in middle school and/or “forgiven,” will remain on the permanent transcript and may be used by colleges, scholarships, or other institutions based upon their respective policies.
- Choosing less rigorous courses may impact future high school course choices.
- Choosing less rigorous courses may negatively impact a student’s post-secondary choices (i.e. may not be as competitive for college admission).
- Choosing less rigorous courses may limit the student’s chance of receiving a Bright Futures Scholarship and other college funding support.
- Each student enrolled in an AP course must make a committed effort to pass the AP exam.
- If a student violates AP guidelines with regard to examination instructions and/or procedures, the student will be dismissed from the exam and the fee will be reported as an obligation.
- If a student does not take the AP exam for the class in which he/she is enrolled, the course grades will be calculated based on five quality points, rather than six for class ranking; and the fee for the examination will be reported as an obligation.

Flanagan High School

Course Selection 2019-2020

Grade 10

Teachers: Please initial to the left of the recommended course placement for your curricular area for the above student. Each student **must** have a recommendation for one course in English, Mathematics, Science and Social Studies, if applicable.

Parents/Students: Review the label to the left to identify which courses have been defaulted into your 2019-2020 schedule according to Broward County's Progression Charts. Please compare the defaulted course above with the teacher's recommendation for each course. Please write your final selections in the appropriate lines below. You should have a total of 12 courses listed below. We will make every attempt to honor your choices in order of preference; however, ANY course entered below may be placed in your schedule. **Please note that core courses are subject to change based upon your 2019 FSA and EOC scores and final course grades.** For school information, course descriptions, and progression charts, visit the scheduling link at <http://flanagan.browardschools.com>.

My child and I have reviewed the above label, any teacher recommendations, and selected what we believe are the most appropriate courses. Both my child and I understand that ANY course that is selected on this card may be placed in the student's schedule. In addition, we understand that any schedule change request out of a course that is selected on this card will be denied. If the course is written below, it will remain in the student's 2019 - 2020 schedule. To inform students and parents of teacher/room assignments, and to help facilitate everyone finding the proper place to be during the busy first week of school, our school would like to post this information on the school wall during the first week of the school year. I hereby authorize Flanagan staff to post the above-mentioned types of information about my child, _____, for the purpose listed above. This authorization will expire upon graduation. I further understand, I may withdraw my consent in writing at any time.
