CA Student Spotlight

Student Hackathon Winner

Congratulations to our CA student Yewande Shitta-Bey for being an FTX Student Hackathon winner. The students, under the mentorship of the Bridge2Life college access network, developed a plan for a unique mobile app that connects students with peer mentors and counselors. For making it to the finals, each student received a \$15,000 scholarship, and as winners, they have been awarded \$500,000 to further develop and market their mobile app.
