

SHERIDAN TECHNICAL HIGH SCHOOL NEWS

Special Note from the Administration

Greetings STHS Families,

November is a perfect time to think of all the things in which we are thankful. I am thankful for the magnificent school in which we are all stakeholders. I am thankful for the amazing students that walk the halls each and every day. I am thankful for the endless dedication of teachers and staff. And I am thankful to be a part of all the exciting things happening each day.

We had a special visitor on campus this week. Florida's Lieutenant Governor, Carlos Lopez-Cantera toured the school, visited numerous classrooms, and spent time with our students. We are always proud to showcase our school and the attentive academics taking place in each classroom.

Please **HOLD THIS DATE: November 16th**. Parents of all 9th, 10th, & 11th grade students, I invite you to attend a very special college readiness workshop. It is never too soon to begin preparing yourself and your child for college. This workshop will give you the opportunity to learn how to get started and what resources are available to you. This parent night will be held from 6:30-8:30 p.m.

Congratulations to our very own students, Briana Lemonier, Adena Abraham, and Chelsea Jean, who kicked off the School Board meeting with the Pledge of Allegiance and a harmonious rendition of 'America the Beautiful.' I am very proud of them...they represented us well.

I wish you all a Happy, Healthy Thanksgiving to you and your families.
Mary Barba, Assistant Director

S.G.A.'s Department of the Month

S.G.A. recognized the Administration and Guidance staff during the month of October for their ongoing leadership, support and guidance to students, teachers and parents. Staff was presented with specially crafted ghosts with an appropriate, seasonal message!

Drama Club and Mu Alpha Theta Seek Charter

Drama club just received their Troupe Charter and Mu Alpha Theta has applied for theirs. If you aren't familiar with Mu Alpha Theta, it is the National High School and Two-Year College Mathematics Honor Society. They are dedicated to inspiring keen interest in mathematics, developing strong scholarship in the subject, and promoting the enjoyment of mathematics!

Read & Feed “Harvest Drive”

F DeVerthel

In preparation of the upcoming holiday season, National Honor Society and Teen Readers are coming together

to support the School District of Broward County’s *Harvest Drive*. Students are asked to bring in canned goods. Students that bring in a minimum of three cans will receive a raffle ticket to have the opportunity to “pie a teacher”! Winners of the raffle also have the opportunity to receive a book of their choice courtesy of Teen Readers’ Club. Cans can be brought to the cafeteria at lunch, or Ms. Santana’s classroom 142, Individual and Dual Sports. Cans will be collected beginning Tuesday November 1st through November 19th.

Literary Feast Short Story Contest for High School Students

First (\$50 Amazon gift card), second (\$25 Amazon gift card) and third (\$25 Amazon gift card) place cash prizes will be announced at each school by the Novel Day author. Winning short stories will be displayed at the Broward Schools District Literary Fair in 2017 by the respective schools. Prizes will either be distributed by the authors on Novel Day or distributed at the Broward County Schools Literary Fair in May 2017. **The short story contest rules and entry form are attached.**

Teen Readers
~ *Mrs. Rivera, Club Sponsor*

Our Teen Readers’ Club is moving full steam ahead. Students participating in this club are tasked with reading a minimum of 5 of the 15 *Teens Read* Award Winning books.

We are using *OneNote* as a collaborative notetaking tool where students will record each book’s special themes, quotes, and details to help them remember each book in preparation for the district “*Battle of the Books*” competition that will be held in the Spring of 2017.

Team members are: Ariana Wible, Yeva Chupryna, Ileissa Ovalle, Ryan Rowe, Roandra Landell, Giselle Garcia, Zyon Slue, Ashley Guillen-Tapia, and Dayanara Aponte.

**Drama & Debate
Holiday Pie Fundraiser**
~ Ms. Charles, Mrs. Friedman, sponsors

Drama & Debate Clubs are taking pre-orders for holiday pies. The pie orders will run from October 24th – November 16th. Fresh pies from Bob Roth’s New River Groves (*Home of Terry’s Famous Key Lime Pies*) will be delivered to the school, for pickup, Tuesday, November 22nd, before our Thanksgiving break. Details can be found on the attached **STHS Pie Order Form**.

Student Clubs & Organizations, Continued

Spoken Word ~ Ms. Z., Club Advisor

Good luck to Spoken Word poets, **Tatyana Joseph & Briana Gullatt**, who have entered writing into the Young Arts

Foundation for a scholarship award of \$100 – 10,000. For more information on the Foundation and its programs, please visit YoungArts.org

Our Spoken Word Club has also been awarded a Teaching Assistant, Lachelle Walthoura from Bluapple Poetry, on a biweekly basis to encourage our poets flow, confidence & stage presence. Lachelle is a graduate student at FIU. All of our teaching artists are Broward Schools certified volunteers and have been working in Broward Schools for the past three years.

If you are interested in poetry, spoken word, rhythm and beats, please feel free to visit. Our Spoken Word club meets every other Thursday in room 125 with Miss Z.

We are still compiling a team of poets for this year's *Louder-Than-A-Bomb* competition.

2016 Presidential Mock Debate

S.G.A. and Debate Club members partnered to engage in a mock presidential debate, representing the positions taken by each

of the presidential candidates, followed before Election Day with a mock presidential election. These experiences provide students with authentic opportunities to participate in the democratic process while becoming informed on pressing issues facing our country today.

Kids of Character Recognition

October - RESPONSIBILITY

"Isis Walker is self motivated and takes the responsibility of her education into her own hands. She consistently turns in her assignments well ahead of the due date,

and is self-motivated to excel on her own volition."

~ Ms. Giannini

SPORTS

Flag Football

Johnny & Julius Richardson, Coaches

Thanks to everyone who came out to support our flag football team on Friday, October 14th! Both JV and Varsity played strong games against Atlantic Tech. JV's defense held strong until the very end but was shy of 1 touchdown with a final score of 6-0. Varsity's tenacity and strength held tough with a tied game, but lost 12 – 6 in overtime *Way to go, Wolves!!!*

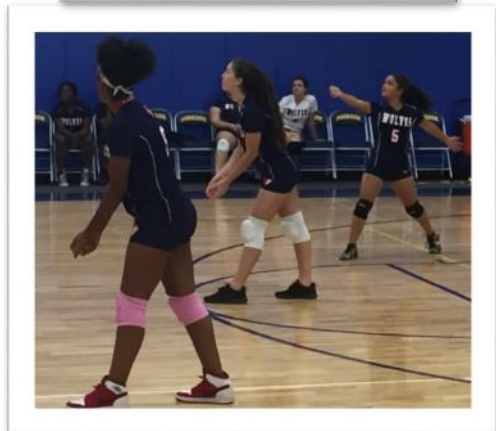

Volleyball

Jennifer Messina, Coach

When someone says the word Volleyball, you probably just think of a white ball and a net, but it's more than that! The Sheridan Tech HS Girls' Volleyball team have shown dedication and passion since the season has started. Their ambition at practices and games have improved their overall performance. From bumping, setting, serving, and spiking, watch out for these girls! Their compassion for the sport says it all!

Teaching & Learning Spotlight

"Something Smells FISHY" in Ms. Brittney Smith's Marine Science Classroom ~ by Ricardo Garcia, Junior

Students in Ms. Smith's Marine Science classroom participated in a two part lab that began with an amazing lecture and guided discussion regarding the basics of sharks. Using pre-measured ropes, students could concretely and visually compare the different sizes of a variety of sharks.

We also learned how sometimes even baby sharks (A.K.A. pups) sometimes eat their siblings in the womb of the mama shark. The dissection was sure something everybody will remember for a while - well, at least, the smell of it. Yet, in all seriousness, the dissection enlightened us on the anatomy of a shark. We compared and contrasted sharks to our human anatomy.

Additionally, students discovered how sharks maintain buoyancy in the water which is through the amount of oil contained in their enormous livers. We learned a lot of other cool facts; for example, if one removes the inner eyeball, one can bounce it like a marble, something we were actually able to test for ourselves during the dissection.

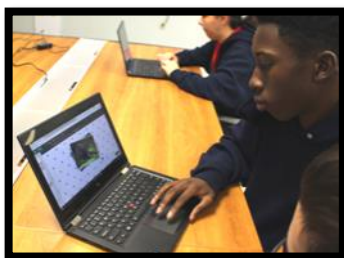

Emerging Technology

~ Ms. Zsale Haghigat, Lab Facilitator & Mr. Robert Decker, Teacher

Our class has been busy working toward Industry Certification(s). We aspire to have our students obtain certifications in Microsoft Word, PowerPoint & OneNote by the end of the semester.

We are very pleased to share that many of our students have been awarded Word certification on their first attempt, not including the three freshmen students who have come to us with certifications awarded in middle school. We are happily preparing them for college & career readiness.

Our midterm is a culmination of lessons learned regarding: The Inside a Computer, The Internet and eCommerce, The Nature of eCommerce, Retailing on the Internet, Global eCommerce, and Building a Career in eCommerce. Collaborative teams engage in an International Business Travel Project where they act as employees of a company, researching the country their business is hoping to expand to, including facts about the country, economics, travel costs & modes, culture /customs and cuisine. Students will present their final products in Sway or PowerPoint.

Lifeline to Literacy

~ Esther Charles, Literacy Coach

Our Success in English Language Arts (S.E.L.A.) program is in full swing and will now add our 9th

graders. Students will have the opportunity to further extend their knowledge and practice skills in reading comprehension, writing, and language in order to better prepare them for the FSA.

In addition, teachers and staff members have begun implementing our Reading Instructional Focus (RIF) skills. Through the use of the RIF, students will be exposed to a specific skill bi-weekly in all classes as a way to incorporate literacy throughout. The skills that we will work on in the month of November are:

- Drawing conclusions from informational text
- Compare and contrast ideas described in informational text
- Text Structure

Book Bytes & More

~ Michele Rivera, Digital Learning Specialist

As shared in last month's newsletter, Career Placement students are now registered voters and will participate in the voting process, helping to elect the next president of the United States.

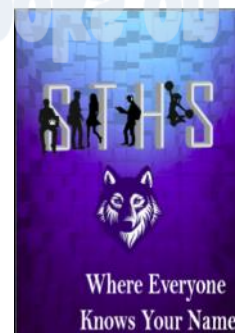

Students recognize what a great responsibility it is to exercise their civic duty. As part of the process, Ms. Golden and Ms. Judd's students examined and compared the positions on leading issues taken by our top two major presidential candidates, Mr. Donald Trump, and Secretary of State, Mrs. Hillary Clinton.

Their task was to prioritize and research key leading issues from the perspective of each candidate and determine their own position on the issue(s). Ultimately, this will enable them to be informed voters prior to casting their ballots.

Implementation of the research process was facilitated by Mrs. Rivera, digital learning specialist. The lesson offered students the opportunity to learn how to search, find, and evaluate valid, credible resources representing each point of view; take efficient notes in order to draw conclusions based on the factual evidence; and reflect on whether or not they can make an informed choice based on their research.

Counselor's Corner with "Guidance Gurus": Mrs. Rattray (Gr.11), Mrs. Schiling (Gr. 10), and Mrs. Segal (Gr. 9)

Welcome to Semester 2 for Term 1! This is a great time to reflect on your first semester and see what is working well and what you need to work on changing. Remember, there are plenty of opportunities here to get any help you may need. NHS continues to provide daily tutoring in the ILC after school;

Ms. Charles and Ms. Horton have started FSA tutoring on Tuesdays and Thursdays; and Ms. Tanner and Mr. K. are offering math tutoring on Mondays and Fridays. Please ask anyone in Guidance for more information. Also, remember that your counselors are here and dedicated to help with anything you need.

We successfully made it through the first batch of testing for the year! While there's no testing going on in November, start thinking ahead to those EOC's that are coming in December for Biology, Algebra I & II, and Geometry. We got this!

Our phenomenal BRACE advisors, Vanessa Longhi and Barbara Sherman, are hard at work setting up college visits and helping you plan for your next step. Anyone, especially 11th graders, who would like to speak with them should stop by Guidance to make an appointment through Ms. Longhi.

Uniforms in the Bookstore have been re-stocked in ALL sizes.

On November 9th, at 10am, representatives from the University of West Florida will be in our cafeteria to speak with any interested 11th graders. Check out this awesome college via Naviance, and come prepared with any questions.

Junior athletes: If you are planning on playing at the collegiate level, you need to register with the NCAA Clearing House. The website is <http://ncaa.org/#>. Go to Eligibility Center and then to Prospective Student Athletes. If you go to the "sports" tab you can find your sport and see which colleges have it. Division I and II schools are listed. If you have any questions about this, make an appointment to speak with Ms. Longhi and Ms. Sherman.

November's character trait is Citizenship, and couldn't be timed better considering the importance of this November's Presidential election. You may not be old enough to vote, but you can still be a good citizen by being mindful of what you *can* do to contribute positively to your school, your family and your community.

Scholarship Opportunity!

STHS Girls, want to earn scholarship grants that will be available to you upon graduating from high school?

Register NOW for the Miss Broward County Scholarship Pageant. This is NOT a beauty contest but one where you compete against other teens your age who are well spoken, engage in community service and philanthropy. Students who apply can earn scholarship money to further your education beyond STHS.

For the strength of the pack is the wolf... and the strength of the wolf is the pack!

~ Rudyard Kipling

The Character Education recognition program is aligned to our fundamental belief in the ***Coalition of Essential School Principles***. When teachers and students work together based on common principles, the learning environment is beneficial to all stakeholders.

Knowing, understanding and displaying a high regard for rules, laws, government, heritage, and for those who have served and sacrificed for community and country.

venture190.tripod.com

The Coalition of Essential Schools: Common Principles

1. ***Learning to use one's mind well***
2. Less is more: depth over coverage
3. ***Goals apply to all students***
4. Personalization
5. Student as worker, teacher as coach
6. Demonstration of mastery
7. ***A tone of decency and trust***
8. ***Commitment to the entire school***
9. Resources dedicated to teaching and learning
10. ***Democracy and equity***

How can I demonstrate Citizenship and do my share to make my school and community a better place?

- ✓ Cooperate
- ✓ Get involved in community affairs
- ✓ Stay informed
- ✓ Vote
- ✓ Be a good neighbor
- ✓ Obey laws and rules
- ✓ Respect authority
- ✓ Protect the environment
- ✓ Volunteer

Treat yourself to Terry's Homemade Pies

In the early 1970s, New River Groves premiered *Terry's Homemade Key Lime Pie*, based on Terry Roth's award-winning recipe. Two years ago, Terry's daughter Lisa, expanded the pie business by creating the delicious Pie-In-A-Jar for any and all occasions. You get the same delicious taste and all you need is a spoon!

Your Holidays won't be complete without one (or more!) of Terry's Famous Homemade Pies or any one of their other Favorite Holiday Pies. Their Pies are baked fresh right on the premises. A wonderful treat to bring with you as a guest, or a scrumptious addition to add to your menu as a host.
