

Creating a Parent Account in Focus

Follow instructions to create a new parent account, add a child, or reset your password

The student information system used at Broward County Technical Colleges and Technical High Schools is FOCUS. Parents should create an account in Focus for access to information about your child. For parents to request first-time access to Focus, add a child to your account, and reset a forgotten password is:

<https://broward.focusschoolsoftware.com/focus/auth/>

Select the orange button that applies to what you are doing, or select one of the blue buttons to continue in a different language.

The Focus Parent Portal is a tool designed to enhance communication and involvement for you in your child's education.

This portal will allow you to monitor your child's progress in school by providing timely access to both assignments and grades that are entered by the teacher throughout the grading period. This communication tool will improve your ability to assist your child and to communicate with the teacher if necessary.

In order to create a Parent Portal account online, you must have a valid email address. If you are unable to create an account, visit your child's school for assistance.

I DO NOT have an Account Registered on the Parent Portal but my child is Actively Enrolled	I have an Account Registered on the Parent Portal but would like to ADD A CHILD	I have Forgotten My Password and would like to generate a new one
