The Code of Student Conduct ~ Policy 5.8

- Provides specific information regarding the rules that all students are expected to adhere to, as well as consequences for violations.
- Important among these rules are consistent and timely attendance, respect for people and property, appropriate dress, technology usage, student publications, student activities, student records and the right to appeal, including grievance procedures.

AntiBullying Policy 5.9

- The policy defines “Bullying” as systematically and chronically inflicting physical hurt or psychological distress on one or more students or employees.
- To be determined to be bullying, the behavior must be all three:
 - R** – Repeated (more than once)
 - I** – Imbalance of Power (involve or be characterized by)
 - P** – Purposeful (intent to do harm)

WBH is a NO-BULLY ZONE!!

Cyberbullying Defined

- Cyberbullying is willful and repeated harm inflicted through the medium of electronic text. Research has shown cyberbullying is no less severe than traditional playground bullying and in many instances it is more psychologically harmful because there is no escape.
- Cyber-bullies are able to invade every facet of their victim's existence, 24/7.

 - There is a direct correlation between attendance and graduation.
