

Splash Days Are Scheduled Every WEDNESDAY!

- We expect all students to come dressed in swimsuit on Wednesday so they can go to Splash Play as soon as their group is scheduled.
- Children are encouraged to wear shoes that can get wet in the morning but they must bring sneakers and socks to change into when Splash Play is over.
- Your child will NOT participate if they are dropped off late. If your child's group has already went, they will not be allowed to participate with older students. The first group starts Splash Play at 8:30am.
- We have the weather bug lightening alert system to keep our students safe at all times. Even if it looks like it might rain, please dress your child for Splash Play as it is easier if weather does permit for the fun outdoor activities.
- Please send a towel clearly labeled with your child's name. Put your child's clothes in a plastic bag they can use to carry their wet swimsuit and towel back home in on Wednesday afternoon.
- Girls are allowed to wear two piece swimsuits as long as they wear a shirt over it. Boys are also required to wear a shirt that can get wet while they are participating in Splash Play and have an additional dry shirt to change into after Splash Play.
