Hello MLK families,

Thank you for your support throughout this most difficult school year! You have been there through all the changes, surveys and communications sent! During these unprecedented times, teaching and learning has been our primary focus at Dr. MLK. We have seen mark improvements in scholars and want to thank you for that partnership.

Please continue to support our virtual scholars at home and scheduling conferences with your child’s teacher to see what you can do at home to get them ready for **testing season**.

Spring 2021 FSA will be Face-to-Face only! ALL STUDENTS will need to report to brick and mortar on testing days. Please review all schedules and communications to prepare your child for these most important assessments and safety protocols at school. Information is also on our website!

*M. Moreau*

Ms. Mitshuca B. Moreau  
Principal

*B. Ashley*

Mrs. Briana Ashley  
Assistant Principal

Mark your calendars for the upcoming Food Pantry distribution dates: **March 19<sup>th</sup>, April 23<sup>rd</sup>, and May 19<sup>th</sup>**. Distributions start at **4:30 until 6:00 PM** in front of the Media Center.

The health and safety of all BCPS students and staff are among the District’s highest priorities. The District has deployed personal protective equipment, signage and electrostatic sprayers to all schools to assist with ensuring a safe and secure learning environment for students and teachers.

Additionally, the District has instituted many new health and safety procedures in all facilities in response to COVID-19:

- Face Coverings Policy - All students, employees, visitors and vendors are required to wear face coverings, unless medically exempt.
- Furniture has been arranged to allow for appropriate physical distancing in classrooms and common areas.
- Signage (e.g. signs, posters, easels, floor stickers, A-frames, etc.) has been posted in highly visible locations throughout school campuses and District facilities to promote protective measures (including physical distancing) and the important role we all play in preventing the spread of COVID-19.
- Plexiglass shields have been placed in areas with greatest visitor or person-to- person interaction (e.g., reception area, guidance, media center, cafeteria cashier).
- All schools have also received a supply of Personal Protective Equipment (PPE) including face coverings, gloves, gowns and hand sanitizer. Hand sanitizer is placed at the entrance of every school and in each classroom for student and teacher use.
- All schools have established an Isolation Room separate from the regular clinic and each school is funded for a healthcare professional to oversee the Isolation Room.
- All BCPS facilities and school buses have been equipped with Electrostatic Sprayers. Facilities Service Persons have been trained to use these Electrostatic sprayers to perform daily sanitization in high traffic areas (this is in addition to the increased routine cleaning and disinfection of frequently touched surfaces already required at all school facilities). Examples of these high-traffic areas include:
  - Restrooms
  - Front office(s)
  - Cafeteria
  - Media Center
  - Clinic, Isolation Room
  - Gymnasium, Locker rooms, Weight rooms
  - All student entry locations, single point of entry
  - Teacher planning areas
  - Overflow rooms
  - Aftercare rooms
- All students, employees and visitors are expected to complete a daily at home health assessment before leaving for school or work each day.

Additional information about the District’s health and safety protocols can be found online at [browardschools.com/coronavirus](http://browardschools.com/coronavirus).
