

## Parent Link 5/4/2020 Interim Reports

Hello Lake Forest parents, this is M.s Boyd your principal. I'm calling for a few quick announcements. First is to let you know that even though we only have 20 days left of school, your child is still required to engage in/attend school every day by logging onto Clever then accessing their canvas course.

4th qtr. progress reports or interims will be available tomorrow on Virtual Counselor, the same way you accessed report cards. Please note, not all students will be receiving an interim. We are following district guidelines regarding marking "Not Meeting Criteria for Promotion". If it applies to your child, you will be contacted within the next 2 weeks regarding the topic of retention. Please remember any technology problems you may have need to be directed to the Tech support center at 754-321-0569.

Finally, If you have not already completed the 2020 Census, please take a moment to do so. Census information helps everyone in the community from paving roads to hiring more first responders, it helps families with food stamps and Medicare. For Broward schools it helps fund special education teachers and free lunch programs, so please take a moment to be counted.

You can do this by visiting [my2020census.gov](https://my2020census.gov)

Thank you and stay safe!
