Good afternoon Lake Forest Parents...

You may have seen in the news or on social media information recently regarding threats that have been made towards schools in Broward County. I am reaching out to let you know, at present this does not affect Lake Forest Elementary, any of its staff nor students.

The health and safety of our students and staff remain our highest priorities. The District is aware of social media threats towards several schools and I want you to know that we take all threats seriously. Our Special Investigative Unit and law enforcement thoroughly investigate all threats and work aggressively to identify those responsible for posting the threats. All students involved in these types of incidents will receive severe disciplinary consequences and may face criminal charges.

We sincerely thank all those who say something when they see something.

We will continue to be proactive and take additional measures as needed to protect our students and staff members.

Thank you for helping to make Lake Forest a safe and inviting learning environment for everyone!
