## **Why is it important for parents to be active participants?**

\* The SAC committee provides a place where parents can voice their opinions and suggestions regarding the academic programs at school. They have an active role in making decisions that will best serve the students.

\* SAC also gives the opportunity for parents to actively participate in setting goals and making plans to achieve those academic goals.

\* SAC allows for parents to identify issues that need to be addressed concerning the school climate.

**Hope to see you there!!**
