

SBHS SAF Meeting Minutes 08-30-2021

Ms. Newmeyer started the meeting introducing herself and what she does as our SAF chair and also South Area Advisory Chair. This is her 22nd year involved in SAC/SAF and other advisories and committees. She asked is anyone is interested in taking on the role as SAF chair as this is her last year. She offered to mentor the new person and be co-chair. No one volunteered to take on position so we voted unanimously to keep Ms. Newmeyer as Chair. No one volunteered to be co-chair. Carla Wong said she would stay on as SAF recording secretary.

Next up is the Calendar options for the 2022-2023 school year. We have 4 options. Options 1 & 3 have a midweek start and a week off at Thanksgiving. Option #3 has April 21st off for Eid. Option 2 & 4 start on Monday. Option #4 also has an extra day off April 21st for Eid. This extends that last day of school one extra day. The committee needs to wait till the AP and Cambridge testing schedule comes out in October to see if testing conflicts with the April 21st off. The School Board won't vote until January on the final option. Mr. March will email all attendees the calendar options.

Broward County School District is due for the Accreditation review. The approval process will be starting in October. This is done every 4 years. Colleges frown upon applicants that are not from an accredited school district. The accreditation team will reach out to parents for input. They look to see how schools communicate with students and staff and also how detailed the websites are.

There will be another SAF training and Advisory webinar Sept 22nd at 6:30. You can find the link on the South Advisory website: southareaadvisory1.ch2v.com. All are welcome to attend. You can learn how SAF members can make a difference and contribute to their school and area.

A parent asked where they can find more info on SAF. They were directed to the website where SAF minutes will be posted. Another parent asked about where booster budgets were posted. Veronica said she would get with her after the meeting as Booster was separate from SAF.

Veronica asked if there were any more questions. Gave her email and phone number as well Veronica.newmeyer@gmail.com
(954) 865-8614

Meeting adjourned at 3:58
