What we do:

Please join us! We are #strongertogether and we have fun together! Goals for this year include continuing to support students- helping them find volunteer opportunities (tell your student to join the “South Broward High School PTSSO Sign Up” group on the app called Band where we post volunteer opportunities), beautification of our campus, support for Teacher & Staff Appreciation, Homecoming activities bringing our SBHS Community together, offering accessible SAT/ACT prep, support for our community-building annual Athletics Golf Tournament, and assisting with other needs that arise.

PTSSO strengthens our school community by bringing parents, teachers, staff, students and administration closer together through parent inclusion and involvement in school related activities, assisting with various needs of our school financially and through volunteering.

Get in the Loop!

Join the conversation through our South Broward High School PTSSO Group on the app called “band”:
