*The majority of students are admitted based on three years of high school coursework plus the planned senior year courses.

*An admission is like a contract, once we agree to admit the student agrees to complete his or her plan.

*Any substantial change must be reported to the University.

*Remember all admissions is provisional subject to the student receiving a diploma and sending us the final transcript.

*Students slacking off in senior year will find the transition to university that much more challenging.

*University is at a much faster pace, students have less specific direction and requires a lot of self-discipline and work.

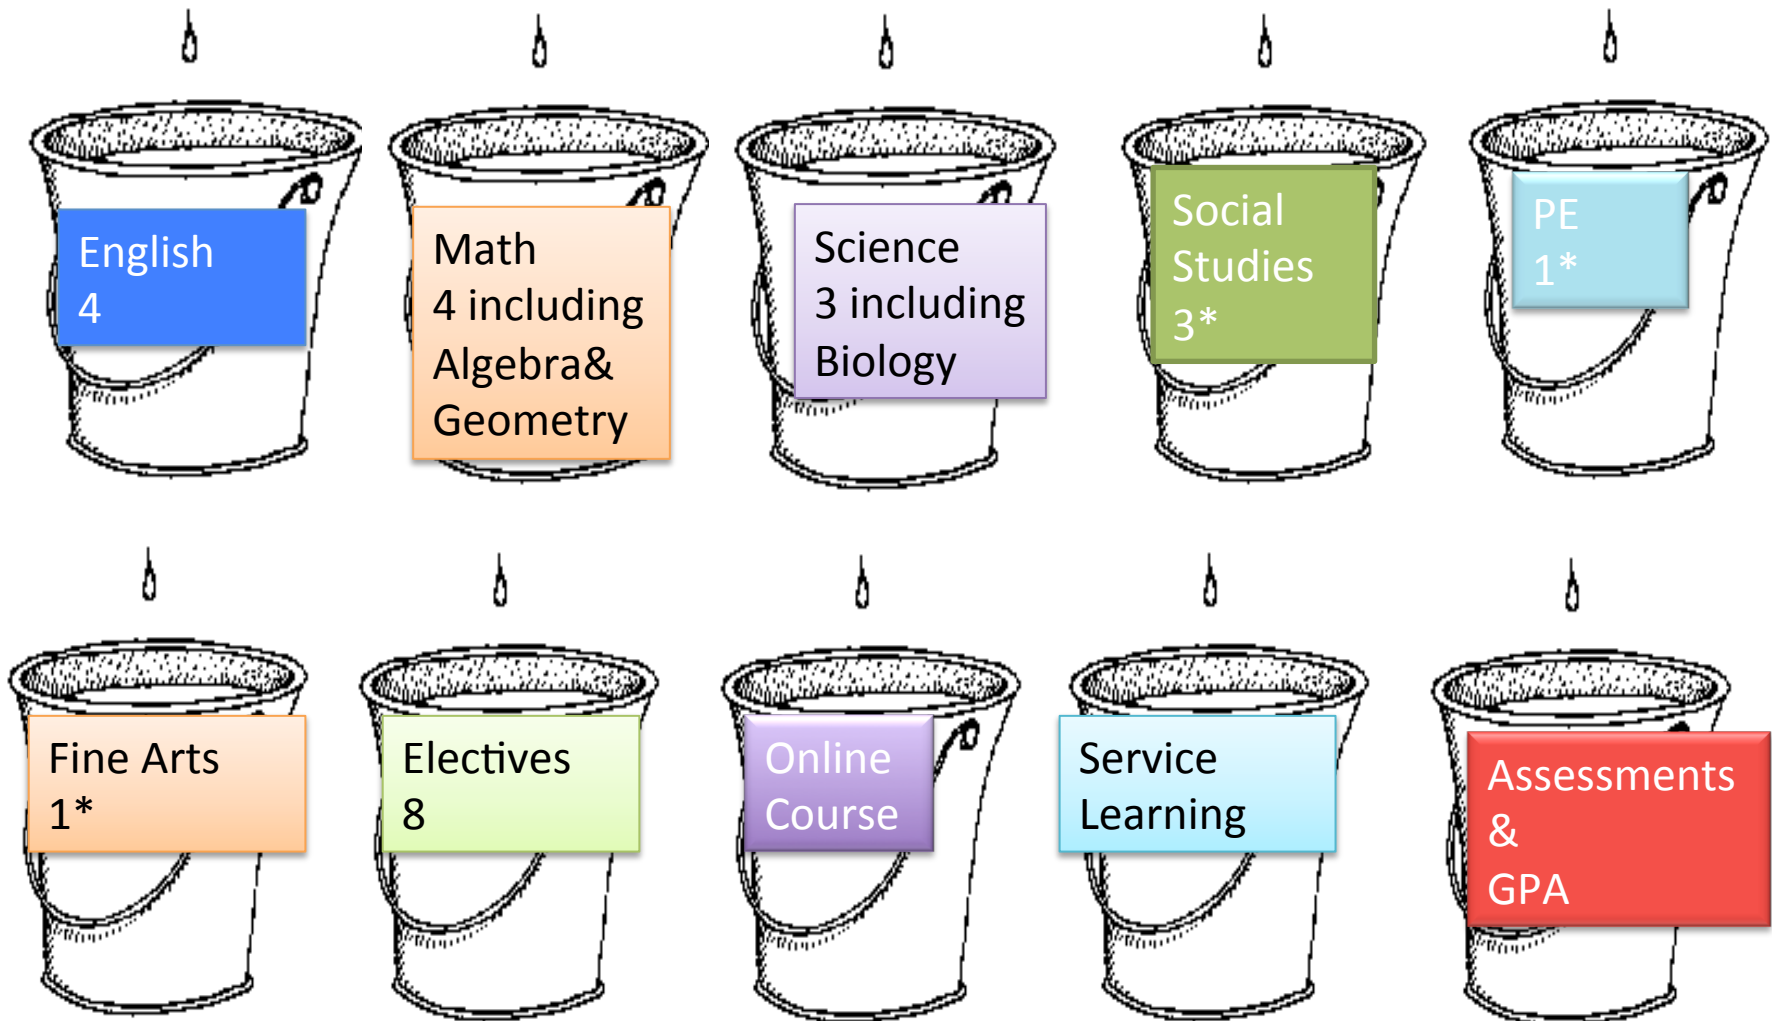

**Is College in your child's future?
Rigor in Senior Year MATTERS!**

Don't quit. **Get

The State of Florida allows us to apply forgiveness to help improve a GPA as a mechanism to assist in graduation.

With CAREFUL planning, it is possible to overcome a low GPA.

The BEST cure for a low GPA is earning A's and B's in REGULAR classes!

- It is not too late to improve a low GPA!

Service Learning

All students must earn **40 hours** of service learning for graduation

More hours can help improve a student's overall resume and transcript
